KAMIND's CMMC L1 DIY Kit

Template Guidelines. Success Tools. Consulting

What you need to get started on your CMMC journey.
It's the perfect balance of tools, templates and practical advice. Here's why.

1 Budget Friendly

Trained CMMC experts have put the templates together to get you started on your self-assessment. You don't have to pay the full fee to have a company do everything for you at top dollar.

2 Quick start

Policy experts have created templates for you to start from. Using these templates, you can simply plug in your custom information using the outline as your guide.

3 Use the right tools

You can have confidence in your assessment using the professional tools from the leading provider of CMMC and NIST 800-171 tools.

KAMIND uses these documents as our deployment guide for CMMC L1 Assessment and preparation for CMMC L2.

4 Consulting hours included

The kit includes 6 hours of consulting with a KAMIND compliance team member. This is to ensure that you can have confidence in your self-assessment.

5 Self-assessment success

With the guidance of the KAMIND compliance team, you will feel more assured of your self-assessment with these proven templates.

It's never been easier to get started.

We've pulled everything together to take the stress out of your CMMC L1 self-assessment. These templates are proven and designed so you can start your journey CMMC L1 and use them as the base for CMMC L2 .
