

Hospital Quality Management System (HQMS)

WHAT IS IT

Digital Compliance solution to meet requirements of Healthcare accreditation (viz. NABH / JCI)

WHY IS IT IMPORTANT

Move from a compliance only culture to a High Performance. Culture. Enhance Operational Efficiency and Patient Experience through Superior Collaborative Approach.

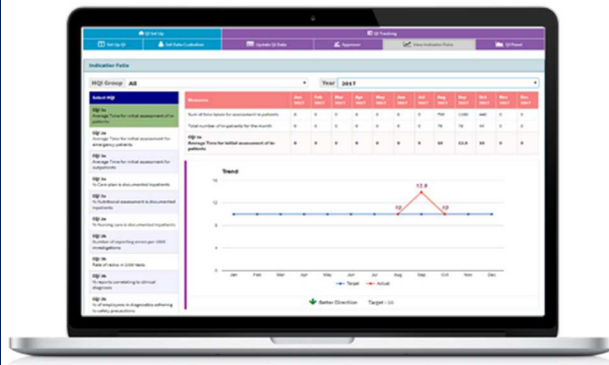

INTEGRATED

Achieve operational compliance covering planning, execution, checking and conducting reviews across departments and branches to meet the latest accreditation requirements in the Healthcare sector.

VALUE DELIVERED

Comprehensive functionality, attractive pricing, easy to use features, customised implementation, low initial investment, responsive service and support, ability to provide consultants.

Be ready for the future!

EzyPro HQMS transforms Hospital quality management in meeting Accreditation standards such as NABH /JCI. This can be achieved in the most cost effective manner since - subscription plans to suit every pocket are available and one can start with minimal features and add-on.

Due to cloud technology, IT infrastructure need not be owned nor built nor capitalized but it can be rented and is part of the subscription service.

This eliminates barriers to entry in enabling technology adoption. Now organizations can leverage data with the ubiquitous connectivity across devices and change the way they compete and create value like never before.

- Healthcare Quality Indicators
- Internal Auditing
- Incident Management
- Patient Complaint Management
- Active Clinical Audit
- Maintenance work order
- Review Meetings
- Action tracking
- Performance Management
- Priveleging

Benefits of this digital transformation are widespread – easy access to real time and historical data, streamlining work and tasks, collaborating and executing actions to bring greater accountability and transparency.

This offers a great opportunity to raise the level of patient care and meet societal standards such as NABH.

With its free EzyProLite Mobile app another dimension to enhance responsiveness and involvement is delivered

Tangible NABH, JCI accreditation outcomes are achieved.
