

SmartScope by Kellton

Transform your data estate with confidence,
powered by Microsoft Azure

SmartScope is Kellton’s platform delivery accelerator designed to simplify and accelerate Microsoft Fabric migration and modernization journeys. By leveraging Microsoft Azure’s powerful analytics and governance capabilities, SmartScope enables enterprises to discover, assess, and modernize their data estate with speed, accuracy, and measurable outcomes.

Comprehensive Data Discovery: Gain a unified view of all enterprise data assets—on-premises, cloud, and third-party—ensuring no critical data is left behind.

Fabric Migration Readiness: Assess workloads against Microsoft Fabric’s governance, scalability, and security standards to ensure migration feasibility.

Executable Modernization Roadmap: Convert insights into a prioritized, phased roadmap for seamless migration and modernization on Azure.

Optimized ROI & Future-Readiness: Maximize business value with a cost-benefit aligned strategy while building a scalable foundation for analytics, governance, and AI.

Measurable Business Impact

50%

Faster data discovery
Automated scanning accelerates visibility into enterprise-wide data assets

2x

Faster modernization timelines
Executable roadmaps accelerate Microsoft Fabric adoption with quicker time-to-value

30%

Reduction in migration risks
Built-in quality checks and dependency mapping ensure secure workload migration

3x

Improved assessment accuracy
Advanced dependency analysis delivers precise insights for smarter modernization

40%

Cost savings
Workload prioritization optimizes resources, reducing costs while maximizing ROI

100%

Governance and security
Every migration step complies with Microsoft Fabric’s standards for scalability and compliance

About Kellton:

Kellton is a trusted Microsoft Certified Partner with 15+ years of cloud innovation expertise. Backed by 250+ Azure-certified professionals and a proven track record across industries, Kellton empowers organizations to unlock their data potential. With SmartScope, Kellton ensures risk-mitigated, scalable, and future-ready transformations powered by Microsoft Azure and Microsoft Fabric.
