## How to use Recoveryfix Converter for OLM?

Recoveryfix Converter for OLM software enables the conversion of completed mailbox items including emails, contacts, calendar, notes, tasks, etc. to PST format. When you are upgrading the macOS system to Windows, then this application will make all the emails from Outlook for Mac application useful in MS Outlook. For an hands-on experience, check the complete functional procedure below.

Step 1: Start the software and click on Add OLM files.

Step 2: Select the OLM files from your local drive.

Step 3: View all your added OLM files and click on Set Filters to Migrate.
