## How to recover PST passwords?

**Step 1:** Install & launch the Recovery PST password recovery software.

**Step 2:** Add a password-protected PST File in the tool & tap on the **Recover Password** option.

+ Add Files	- Remove Selected	move All Files	
PST File(s)		File(s) Size	
OatC:\Users\	\Downloads \backup.pst	24073 KB	

Note:

- No limitation on number of PST files.
- Filter the unwanted or accidentally added PST files with the Remove Selected or Remove All Files option.

Step 3: The tool displays a "Process completed" message. Hit OK.

'SI File		Status	Recovered Password	Error Det	ails
