

Build with AOAI Workshop

Generative AI is taking the business world by storm and every company is building internal applications based on it. However, obtaining reliable results quickly is hard and requires advanced knowledge in different domains, including Azure OpenAI (AOAI) architecture and prompt engineering.

Project Type
Training & Education

Duration
1 day

Price
± 5.500 Euro

Create value quickly **YOUR BENEFITS**

Learn how to build functioning Generative AI applications using Azure OpenAI!

This way you will unlock tremendous value for your business by

↑
Increase productivity

↑
Improve quality

↑
Raise creativity

Our complimentary skill sets at KI group and wide range of experience in the digital and data space allows us to thrive and enjoy creating maximum impact on every challenge we face.

With over two decades of expertise in establishing data-driven organizations, we back our approach with a comprehensive end-to-end portfolio. This includes everything from strategy, business, development, operations, to empowering all stakeholders.

KI group **WHY US**

How we process **OUR APPROACH**

Up to 20 participants

No Generative AI knowledge required

8 hours of immersive sessions

We will walk you through:

How to set up the AOAI architecture

How to improve application performance with prompt engineering, reducing biases and hallucinations

How to deploy Generative AI applications
