# Chat with your Confluence
Implementation

Confluence is a great tool for building knowledge bases but its structure can become intricate over time and hard to navigate, especially for new hires.

Our Chat with your Confluence solution provides a simple chat interface for your employees to access, interpret and use the information you store on Confluence simply speaking to it, while ensuring safe and compliant treatment of your data being based on the AOAI infrastructure.

Project Type	Duration	Price
Product Development & Enablement	1.5 months	± 45.000 Euro

Create value quickly
YOUR BENEFITS

Today without GenAI

☹ **1** hour/day
spent to find information

⧗ **36** min/day
spent to switch apps

Operational inefficiencies

Tomorrow with GenAI

⏱ **2** hours/week
freed for high-value tasks

$ **2,500** €/year
saved for each employee

ROI visible in just 30 days

KI group
WHY US

Our complimentary skill sets at KI group and wide range of experience in the digital and data space allows us to thrive and enjoy creating maximum impact on every challenge we face.

With over two decades of expertise in establishing data-driven organizations, we back our approach with a comprehensive end-to-end portfolio. This includes everything from strategy, business, development, operations, to empowering all stakeholders.
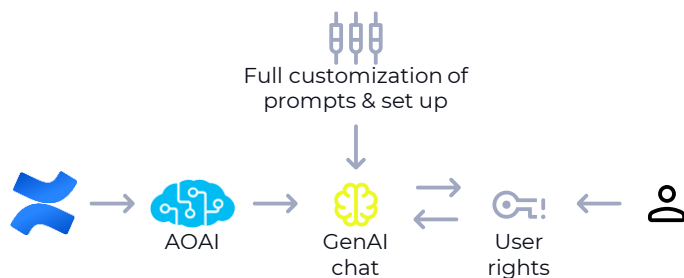

How we process
OUR APPROACH

Interact with the data available on Confluence

Ensure the respect of users' existing access rights

Ensure safety and compliance

Make employees more productive and satisfied
