# GenAI Hackathon on AOAI
Workshop

Leverage your teams' ideas and our tech ecosystem to develop and fast-track AI solutions, building and validating them on the Azure OpenAI (AOAI) infrastructure. We are specialized in organizing hackathons that do more than just foster innovation.

Through this initiative, you will learn to ideate and execute GenAI use cases, validate their business impact and create a roadmap to implement the outcomes.

Project Type	Duration	Price
Training & Education	1-2 weeks	± 50.000 Euro

CREATE VALUE QUICKLY

◎ Why hackathons

For your firm
- Identify use cases
- Validate feasibility
- Spread knowledge

For your teams
- Spark curiosity
- Facilitate collaboration
- Build skills

⤨ How we do it

- Hands-on approach
- Proprietary technology
- Strong engagement

⊢→ What's next

- Select top use cases for GenAI
- Trace a transformation journey
- Build value-driven solutions

KI group
WHY US

Our complimentary skill sets at KI group and wide range of experience in the digital and data space allows us to thrive and enjoy creating maximum impact on every challenge we face.

With over two decades of expertise in establishing data-driven organizations, we back our approach with a comprehensive end-to-end portfolio. This includes everything from strategy, business, development, operations, to empowering all stakeholders.

How we process
OUR APPROACH

20 to 50 participants	Combining business and technical background	2-days event + enablement sessions

📋 Concept to Execution

From the event's innovative concept to seamless execution, we've got it **covered end-to-end**.

🏆 Preparation for Success

Equip your teams for success with **2-3 preparatory learning sessions**.

🏛 Dedicated Hack Days

Engage in **2 days of focused hacking** to uncover business-critical GenAI applications.

👥 Support and Expertise

Benefit from our business and tech experts for robust execution and comprehensive **evaluations of PoCs, tech feasibility, and BizCase**.

🏁 Focus on Business Outcome

Our end goal: a **sharp focus on tangible business outcomes** through GenAI.
