- Review specific pain points or challenges of your company
- Discuss goals and objectives of your organization
- Explain key functionalities of Business Central
- Discuss Business Central Apps and options

### Deliverables

- Estimate pricing for Business Central
- Estimate pricing of implementation service
- Advice on additional software solutions (if necessary)

### About K&S

Established in 2005, K&S Inform (Knowledge and Strategy Information Co., Ltd.) is an agent and consultant company dedicated to developing Microsoft business solution software. Despite specializing in Microsoft Dynamics 365, K&S Inform has been recruiting experts from the industries of manufacturing, service, communications and much more, as professional consultants. The professional consulting team owns Microsoft certification and has rich experience in introducing ERP, CRM, SCM and e-Business solutions into manufacturing, trade, and service industries. For many years, K&S Inform has assisted Taiwanese and foreign businesses in upgrading their information systems and has gained trust from clients with professional consultants, rich experiences, and Microsoft Dynamics 365 consulting service.
