**EFFECTIVE ROLL-OUT
IMPLEMENTATION OF
MICROSOFT DYNAMICS 365
FINANCIALS AND OPERATIONS**

About Us

An IT company providing IT consulting, IT outsourcing and business process automation services. Since 2000, more than 1100 projects have been implemented in all sectors of the economy. The company is an official Microsoft partner. KORUS Consulting is a recognized leader in the automation of retail, distribution and production.

WHY IS THIS IMPORTANT

Project objective is to use standard as much as possible, thus the best practice processes must be checked together by the consultative work method. One of the most important success factors in ERP projects is the mentality and willingness to find out the solutions for issues.

This is the set up at KORUS team and cannot be emphasized too much. This is a big asset, as we have vast experience in Dynamics projects. We believe that it truly differentiates KORUS positively from its competitors.
