

# KPMG & Microsoft: Winning the Viva Employee Experience Together

PUBLIC

How we deliver on our vision of an optimal modern workplace in the employee's flow of work

## KPMG & Microsoft Viva Employee Experience collaboration

KPMG and Microsoft are collaborating to bring the Viva employee experience to our leading clients worldwide and deliver on our joint vision of creating a seamless, digital employee experience that is critical to attracting, retaining and developing talent.

The alliance combines Microsoft's groundbreaking trusted cloud technology with KPMG's customer relationships, consultancy expertise and solutions to unlock the full potential of Viva for our clients

- The pandemic created a unique moment of need for virtual collaboration tools. Many of KPMG's customers implemented Teams at speed, making the platform a cornerstone of their employees' day-to-day working lives.
- Viva brings the next 'wave' of this workforce transformation and helps our customers deliver a leading integrated digital employee and learning experience right in the flow of their work.

The alliance allows Microsoft to leverage:

- KPMG's well-established customer relationships and business access to senior leaders and key decision makers.
- Unrivalled understanding of each customer's requirements, technology architecture and employee experience aspirations.
- Global consulting and technology implementation capability, combined with industry leading methodologies and solutions.

KPMG ensures that Viva will be configured and implemented in the most effective way, enabling our clients to achieve Viva's full business benefits seamlessly integrated with Teams.

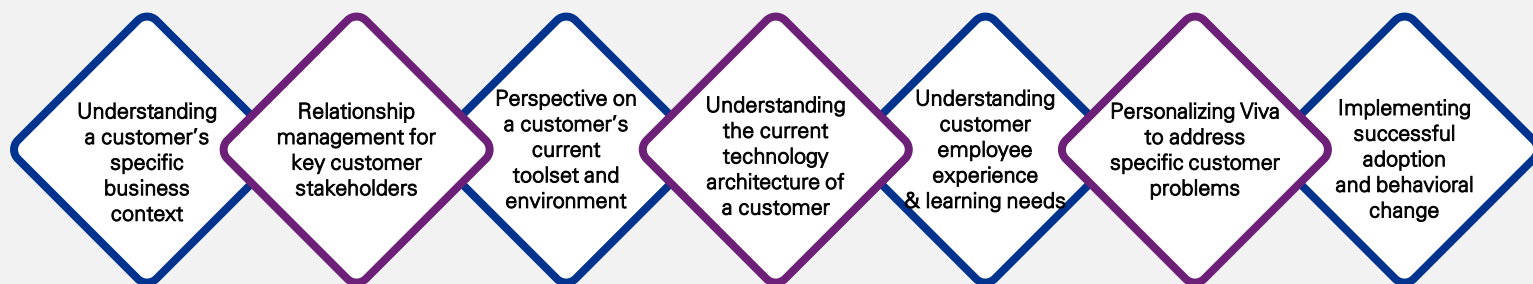

## Our solutions help transform employee experience

- 1 Full Viva suite** - Clients whose existing solution does not meet the required needs to enhance employee experience
- 2 Single Module Implementation** - Clients who have a specific business challenge that can be solved by a single module
- 3 Upping user adoption** - Clients who have some Viva modules but not the full suite and need support to redeploy and improve employee adoption
- 4 Change Tool** - Clients who require effective change management as part of a large-scale complex programme

## KPMG's expertise

- Our approach is underpinned by **people analytics and insights**
- Our global consulting and technology implementation capability is driven through KPMG's **Powered methodology**
- Our key Powered assets, tool and methods to provide the most seamless integration for our clients. This includes strong change management support
- We have an unrivalled understanding of each client's requirements, **technology architecture** and employee experience aspirations
- Well-established **customer relationships** and business access to senior decision makers
