Power Platform Client Enablement Workshops

Microsoft Power Platform

The app gap challenge

A growing demand for apps - but not enough developers to build them
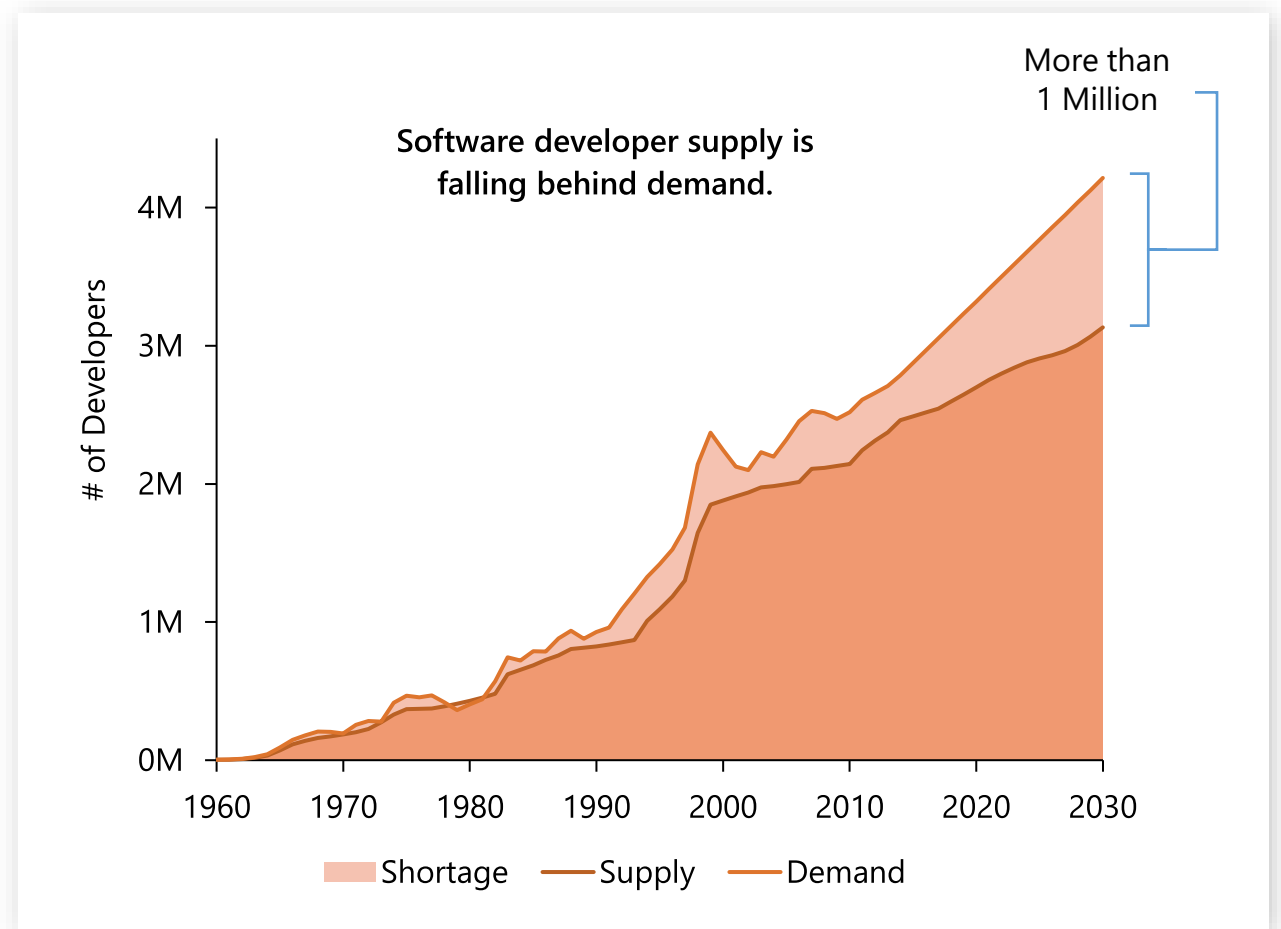

500 million

new apps will be built in the next 5 years – more than all apps built in the last 40 years![1]

5x

Faster demand for mobile apps than IT departments can deliver.[2]

86%

of organizations struggle to find technical talent to build applications.[3]

Software developer supply is falling behind demand.

More than 1 Million

Power Apps + Azure

Deeply integrated for faster app development

Meet demand faster

Build apps quickly with easy pro-dev customization, reusable components, and low code development and deployment tools.
Reduce your costs

Reduce cost by leveraging your existing investments, saving on development costs, and democratizing app development.

Seamless app management

Built-in security, governance, and compliance capabilities enable users to seamlessly manage their Power Apps solutions.

Effortless integration and extensibility

Over 350 out of the box connectors and integration with Azure services make it simple to integrate and extend your Power Apps solutions.

Power Apps provides a low-code approach to rapidly build apps for any device, while seamlessly working with your Azure-based services through a rich extensibility model.

Why partner with Kyndryl and Microsoft?

The partnership

Together, our strategic partnership with Microsoft supercharges our customer-first focus, empowering enterprises with the best technical expertise, service excellence and ability to innovate in the market to help you solve your biggest challenges.

We offer deep operational knowledge, born out of our experience in managing the most complex workflows in the world. We understand the technologies that power the work you need to do, and how to optimize those technologies as your business needs change.

Kyndryl's advanced specializations:

- Kubernetes on Microsoft Azure

- SAP on Microsoft Azure

- Analytics on Microsoft Azure

Benefits

Expertise:

- Kyndryl has deep experience across all industries in integrating enterprise services with the Microsoft Cloud. We rank in Microsoft's Top 5 partners with the most certifications, globally.

- Our Microsoft University for Kyndryl enables us to continue to expand our skills.

Innovation:

- Kyndryl/Microsoft Joint Innovation Lab showcases cloud-based solutions in experiential demo environments, enabling agile experimentation and new products/ services development.

Speed:

- Co-creation of joint solutions helps you get to market faster and deliver cloud experiences from the edge to application

Trust

- Our joint partner network to empower our ability to continually solve your biggest challenges. The right partners, for the right use case, at the right time

Power Platform Solutions

Our Power Platform Workshops are designed to create efficiencies in the workplace and increase employee productivity.

- Power Apps in a Day Workshop

- Robotic Process Automation in a Day Workshop

- Power Virtual Agents in a Day Workshop

- Dashboard in a Day Workshop

Business Outcomes

- Accelerate digital transformation to Microsoft Power Platform for faster ROI and better workflow automation

- Empower flexible, modern work environments

- Leverage Microsoft Cloud to automate for increased productivity

- Unlock maximum business value from technology investments
