OUR PURPOSE

LAB³ empowers ambitious enterprises to fearlessly modernise and drive greater business value through controlled, automated, and scalable cloud technologies.

OUR VALUES

We bring our values to life to create an exceptional experience for our clients.

STAND OUT
Challenge the future and be exceptional, why be anything else.

THINK AHEAD
Look for new ways to achieve more, never settle for less

BE TRUE
Speak with honesty, think with sincerity, act with integrity.

TEAM UP
Be yourself, bring your best, together we will do great things

OUR DIFFERENCE

We believe getting our clients to the cloud is only the beginning. We want to open their eyes to a new world of possibilities to keep innovating, fearlessly.

INDUSTRY KNOWLEDGE

We have extensive experience successfully transforming and migrating regulated organisations to Azure.

AUTOMATION FIRST

We have automated just about everything to accelerate the delivery of our services at speed and with minimal resources.

INTELLECTUAL PROPERTY

We have developed significant intellectual property, used to jumpstart your maturity.

PARTNERSHIP ECOSYSTEM

Our close alliances with key technology suppliers ensures we maximise your product investments.
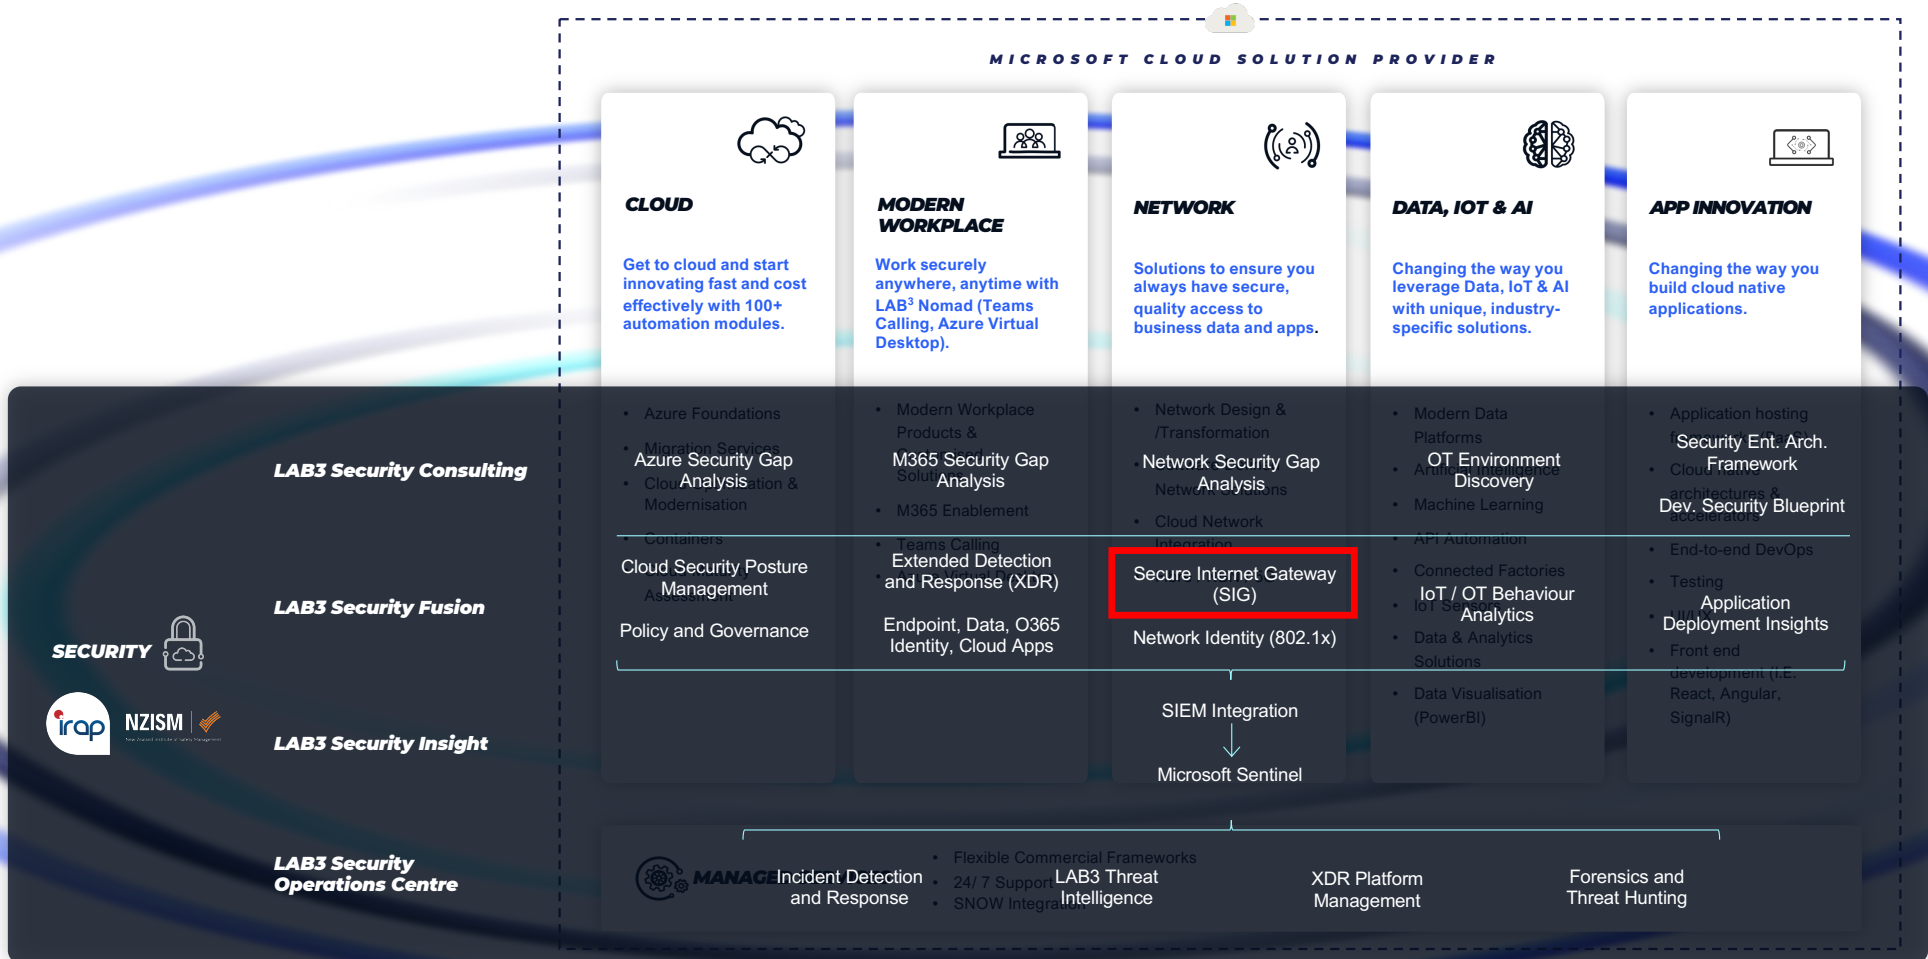

THE OUTCOME

A superior experience that leverages LAB³'s intellectual property to ensure our clients long-term success.

OUR CAPABILITIES

LAB³ has deep expertise across 6 practice areas with matured solution and product offerings

CLOUD

Get to cloud and start innovating fast and cost effectively with 100+ automation modules.

- Azure Foundations
- Migration Services
- Cloud Optimization & Modernisation
- Containers
- Cloud Maturity Assessment

MODERN WORKPLACE

Work securely anywhere, anytime with LAB³ Nomad (Teams Calling, Azure Virtual Desktop).

- Modern Workplace Products & Customised Solutions
- M365 Enablement
- Teams Calling
- Azure Virtual Desktop

SECURITY

We define everything as code so you can get faster applications with greater flexibility.

- M365 & Cloud Security & Protection Framework
- Microsoft Sentinel
- Threat Intelligence
- Consulting and Forensics
- 24x7 Security Operations Centre
- Compliance (ISM / APRA / AESCSF

NETWORK

Solutions to ensure you always have secure, quality access to business data and apps.

- Network Design & /Transformation
- Software Defined Network Solutions
- Cloud Network Integration
- Fibre / NBN / 5G

DATA, IOT & AI

Changing the way you leverage Data, IoT & AI with unique, industry-specific solutions.

- Modern Data Platforms
- Artificial Intelligence
- Machine Learning
- API Automation
- Connected Factories
- IoT Sensors
- Data & Analytics Solutions
- Data Visualisation (PowerBI)

APP INNOVATION

Changing the way you build cloud native applications.

- Application hosting frameworks (PaaS)
- Cloud native architectures & accelerators
- End-to-end DevOps
- Testing
- UI/UX
- Front end development (I.E. React, Angular, SignalR)

DEVOPS
- SRE Capability
- CI/CD Deployments and Updates
- Skill Enablement

+

MANAGED SERVICES
- Flexible Commercial Frameworks
- 24/ 7 Support
- SNOW Integration

Secure by Design for LAB3's Technology Practices

MICROSOFT CLOUD SOLUTION PROVIDER

CLOUD
Get to cloud and start innovating fast and cost effectively with 100+ automation modules.

- Azure Foundations
- Migration Services
- Cloud Optimisation & Modernisation
- Containers

MODERN WORKPLACE
Work securely anywhere, anytime with LAB³ Nomad (Teams Calling, Azure Virtual Desktop).

SECURITY

irap NZISM

Cyber security is a way of life.
Secure your data, secure your future.

LAB³

1.

WAR ROOM REAL-TIME COLLABORATION

Transparency, direct communication with investigators

2.

DATA CUSTODIANSHIP

No data ever leaves the Client tenancy

3.

AUTOMATION

Deployment as code and learnings from one sent to all clients. Industry specific learnings

4.

CONTEXTUALIZATION

Understand the threat via contextual enrichment

5.

CYBER VIGILANCE

Constantly monitor and assess against standards eg OWASP

6.

FULL SERVICE

Consulting, dark web reporting

End to end protection
