# LAMBDATEST

AI-Powered Enterprise Execution Platform

Accelerating Your Digital Transformation

Just In Time Test Orchestration platform to execute tests from any framework, tools, language, device, browser or API, at blazing-fast speed, under a unified execution environment.

HYPEREXECUTE

Unleashing Speed With HyperExecute Intelligent Test Orchestration

Remarkable **70%** acceleration boost in test execution by **AI** powered test distribution

Orchestration primitives like **auto-retry**, **fail-fast** and **smart ordering**, bring down the boilerplate code by **20%**

Smart workflows unify CI, auto-scheduling, and on-demand testing, boosting productivity and reducing manual effort

A New Generation of Artificial Intelligence Solutions from LambdaTest

GPT-Powered Error Identification And Remediation

- Auto classification of errors
- Real time processing of test error logs
- Generates remediation on a click of a button

2.5x faster fixing of broken tests

Smart Analytics & Error Forecasting

- State of the art AI powered dashboard and reporting
- Alerting & Anomaly detection builtin
- Auto population of trends and important events

50% savings on reporting & analytics

Flaky Test Identification

- Continuous auditing for test failure patterns
- Auto alerting on flake rate increment
- Microscopic view at command level inconsistencies

60% faster error identification

"LambdaTest is doing for Test Automation what Kubernetes did for container orchestration - creating that next level of efficiency next level of efficiency around test automation so that people can actually focus on testing versus test orchestration"

- **Satya Nadella, Chairman and CEO, Microsoft**

"Bajaj Finserv Health saves upto 5 hours in Test Execution Time thus enhancing the speed, accuracy, and scalability of their testing processes"

*"**PWC** saved **40%** time spent on error reporting and analysis with HyperExecute insights"*

*"**Microsoft** saved up to **60%** time on testing cycles, underlining the value of HyperExecute unified environment."*
