

The Intelligent Workspace for Exceptional In House Legal Teams

What Legal Wants?

Legal team wants to drive decisions, control risk, and protect enterprise.

How Legal Creates Impact

- Anticipate and mitigate risk early
- Advise before commitments
- Control contracts & disputes
- Maintain visibility into obligations
- Enable the business to move faster

Operational Barriers

Most legal teams remain reactive, pulled into matters late & consumed.

Where Teams Spend Time

- Drafting agreements from scratch
- Manual contract review cycles
- Clauses buried across systems
- Recurring business questions
- Risk & obligations tracked manually

How Lawxy Scales

Lawxy gives legal teams the intelligence and systems to operate.

With Lawxy

- Faster, risk aware deal review
- Instant negotiation insights
- Drafting that scales effortlessly
- Real time obligation visibility
- Legal intelligence that compounds

Lawxy Vs Traditional In-House Workflow*

Task	Without Lawxy	With Lawxy	How Lawxy Supports In-House Legal Teams
 Commercial Contract Drafting	2-4 hrs	5 mins	Drafts agreements using approved company templates and standard clause
 Contract Review (Vendor / Sales)	1-2 hrs	5 mins	Flags risks, suggests revisions and generates redlines, aligned with company risk guidelines
 Data Extraction from Documents	1-2 hrs	10-20 mins	Extracts parties, obligations, dates for tracking and reporting
 Legal Research and Internal Advice	2-3 hrs	10 mins	Answers grounded in Indian statutes, regulations, and judgments with verifiable citations
 Litigation Support	4-6 hrs	5 mins	Builds litigation reports and timelines grounded in Indian judgments, statutes, & cited precedents

* add as per real in-house pilot deployments

1,000+ Legal Use Cases. One Workspace.

Intelligent Drafting Engine

Generate first drafts from approved templates and playbooks with cited legal support
