Centralized archiving

Microsoft Purview
third-party

Benefits

Enhance productivity
Interact with clients on consumer messaging apps natively within the Microsoft Teams chat interface.

Boost client satisfaction
Empower employees to engage clients through their preferred channels and increase satisfaction.

Ensure compliance and security
Capture, manage, and archive client communication to ensure regulatory compliance and fulfill enterprise data security and governance requirements.
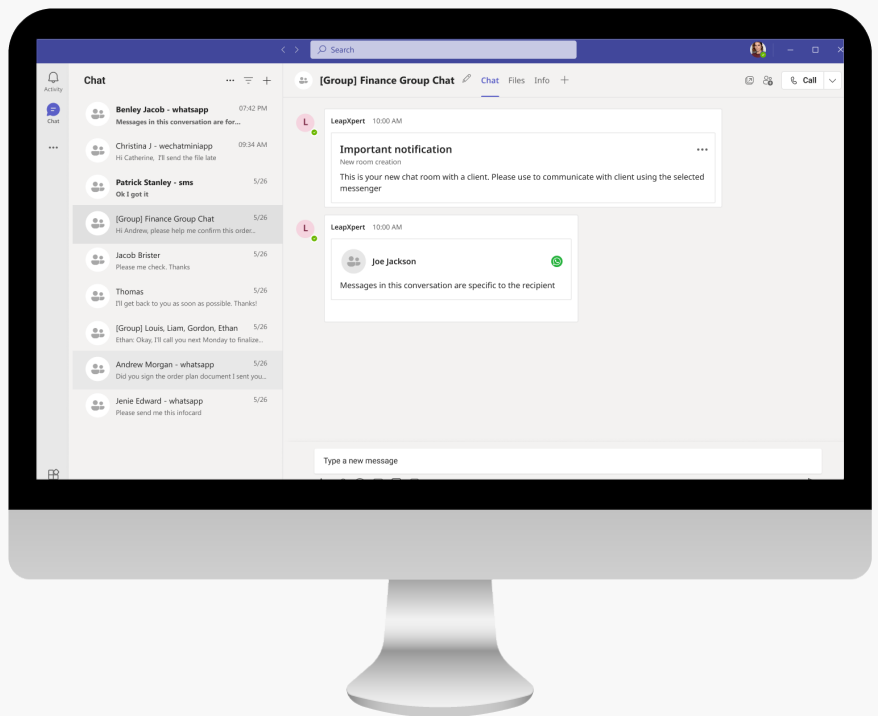

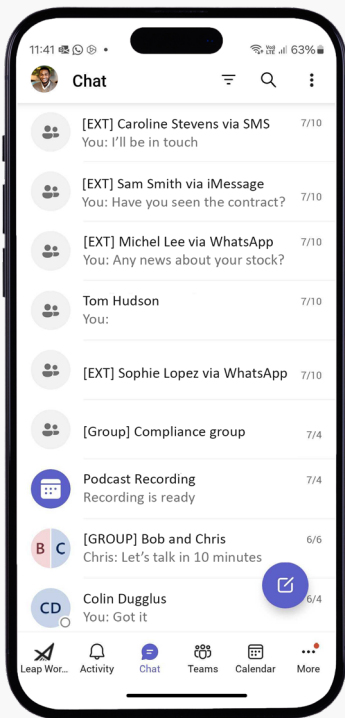

Benefit from a field proven solution
Use a native Teams app powered by The LeapXpert Communications Platform, a top-tier Microsoft ISV solution.

LEAP XPERT

Features

1 Enable and capture chats between employees in Teams and external parties using WhatsApp, SMS, WeChat mini-app, iMessage, and Line.

2 Store data in a centralized archiving system (Microsoft Purview or other) with ease.

3 Integrate with Microsoft Purview for Data Leakage Prevention (DLP), information barriers, antivirus/antimalware, and with Azure services and marketplace.

4 Use a single Teams or corporate phone number for messaging and voice communication.

About LeapXpert

LeapXpert, the responsible business communication pioneer, provides enterprises peace of mind through compliant and secure communication solutions. The LeapXpert Communications Platform enables compliant, governed, and secure communication between enterprise employees and their clients across consumer messaging channels, while leveraging Communication Intelligence to enhance front-office employee productivity and decision-making. LeapXpert, a Gartner Cool Vendor, is headquartered in New York, with offices in London, Tel Aviv, and Asia. Hundreds of enterprise customers, with hundreds of thousands of users in more than 45 countries, depend on LeapXpert daily for Digital Communications Governance and Archiving (DCGA) solutions.
