Professionally. Without unnecessary formalism.

1. TESTS: we offer free tests for your company

2. IMPLEMENTATION: easily scalable / system grows with your organization

3. LICENSE and MAINTENANCE: contract for an indefinite period

Key features

MULTI-LINGUAL

Work **internationally**? Our multi-lingual dashboard helps to address your document management needs in all of your locations. **Think global, act local.**

ELECTRONIC REPOSITORY

All your templates and company documents **finally in one place.** Always up to date. Easy to find.
Available online from any location.

AVAILABLE ONLINE

Improve your business by **document management system (DMS).** Control access by setting **authorization level.** Approve all documents **electronically.**

COMPANY DATA UP TO DATE

Possibility of **downloading company data** automatically from your **CRM** or from the **public registers** to **precisely identify your contractors.**

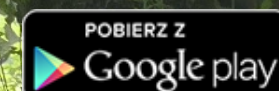

INTEGRATION WITH YOUR SYSTEMS

Easy to integrate with each company's systems, such as **CRM, ERP, and ECM.** Download customer data for contracts.
Export documents directly to all systems.

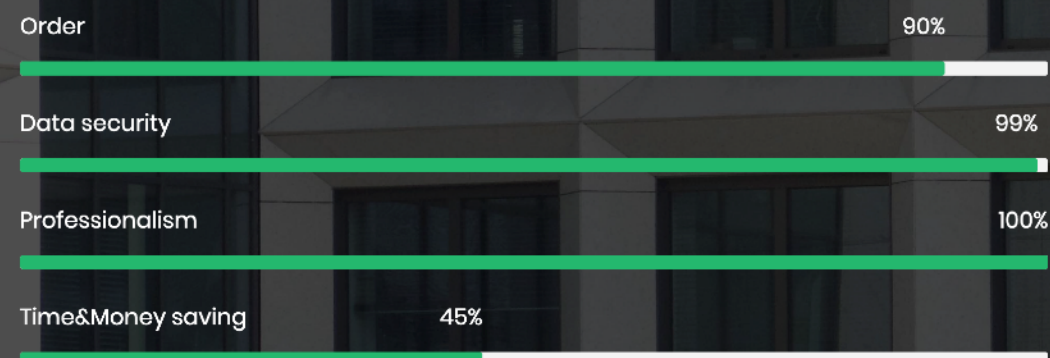

TEAMWORK / E-APPROVALS

Set access and authorization levels. Work in a team on the preparation of contracts, keeping **the track of changes** at the same time. Save **electronic approvals** of documents.

Benefits

approximately

CORPORATIONS

Your company is a part of a **group of companies**? Parent and subsidiary companies can function as a single economic entity through a common source of control. **Customize structure** of users, manage **authorization levels**.
