# OUR CLIENTS

ManagerComplete  
The smart way to manage multiple locations

"The team's insightful advice makes the solution more efficient and user-friendly. The service is great and the deliverables are nearly bug-free. The team's communication and time management skills are great given the complexity of full-stack development."

DAVID DAHILL, CFO, Realized Technologies LLC  
Austin, Texas, USA

"Working with Leobit led to achieving our goals much faster; the efficiency and productivity went up through the roof. I strongly recommend Leobit to other companies that want to outsource their technology team and I really mean that from the heart and my brain."

JOHAN JUNKER, CEO at Antourage  
Stockholm, Sweden

"Leobit has become a trusted development partner. Their proactiveness supplemented the need for an ongoing relationship. They're skilled and dedicated. Expect a personable and respectful team of developers. We appreciate their team's engagement. Leobit team cares about their work."

TIM H., CEO at Arcanebet | EZY Gaming  
Tallinn, Estonia

# WHAT OUR CLIENTS SAY

*They're very driven and can deliver high-quality work. In their effort, they showed flexibility in making business agreements to get the project going.*

Mortgage Bank

**VP Application Development  
CFO**
