## Review faster

Being an exceptional lawyer means reviewing and reading mountains of material. In tabular review, Legora can analyze tens of thousands of documents simultaneously, and in Microsoft Word, suggest well-crafted markup based on your preferences.

4.2

Payment shall be made within thirty (30) days from the date of invoice. Late payments shall incur interest at a rate of 1.5% per month.

4.2

If the Client disputes any portion of an invoice, it shall notify the Provider within 15 business days of the invoice date. If the Client fails to do so, the Client shall be deemed to have accepted the invoice in full.

4.3

In the event that any invoice remains unpaid for more than 30 days after the date of invoice, the Provider shall reserve the right to suspend services until all outstanding amounts, including any accrued interest, are paid.

4.4

Should it become necessary to engage a collection agency or initiate legal proceedings to collect any amount payable, the Client agrees to pay all related costs, including reasonable attorney's fees and court costs.

Word Add-In

Update Payment Terms Clause

Payment shall be made within fifteen (15) days from the date of invoice. Late payments shall incur interest at a rate of 1.5% per month. If payment is not received within the due period, a flat late fee of \$50 will be applied and interest will accrue at rate of 2% per month.

## Draft smarter

In conversation or by your side in Microsoft Word, Legora taps into precedents to draft, rewrite, and edit your content. It automatically detects your document’s substance to generate relevant language that you approve.

## Research deeper

Access up-to-date info from the web, legal databases, and your content via DMS integrations in Legora. With partnerships across jurisdictions and integrations with iManage and SharePoint, all your content is in one place.

# iManage & Sharepoint integration

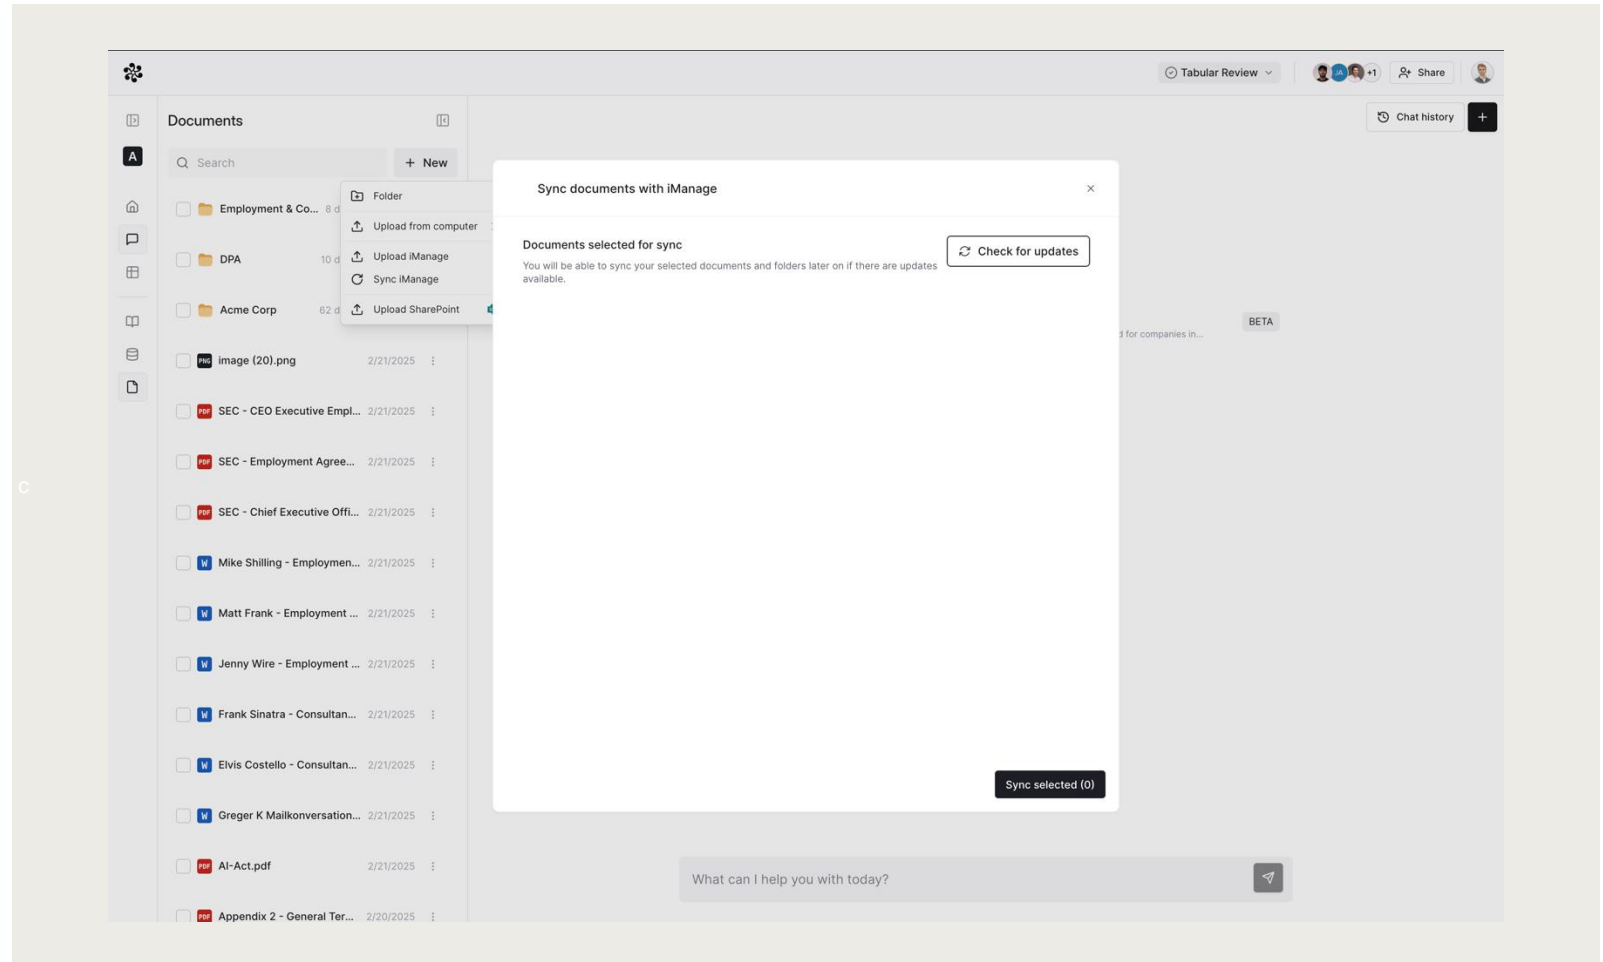

Legora's platform is one of the first in the world to integrate with iManage, allowing you to do more with the time you save

## On home ground

Legora provides your lawyers with a new powerful tool on top of the DMS they are already comfortable with

## In a secure environment

Our platform is powered by Microsoft AI, with all filtering turned off

# Security & Privacy

Your data is in safe hands

## End-to-End Encryption

We secure your data at every stage—encrypting data at rest with AES 256-bit encryption and in transit using TLS 1.3 to ensure industry-leading protection

## Secure Identity & Access Control

We protect user accounts with Single Sign-On or Multi-Factor Authentication, ensuring only authorized users can access your data

## Regular Security Audits

We undergo annual independent third-party audits to verify and maintain the highest standards of data security

## Proactive Threat Detection

We continuously monitor systems, conduct regular penetration tests, and take pre-emptive action to detect and prevent hacking attempts

## Certified security standards

We adhere to global security and privacy regulations, including GDPR, ISO 27001:2022, and SOC 2 Type I & II

## Zero Data Retention

We enforce a strict zero-data-retention policy for AI models, ensuring no client data is stored or used for AI model training, prioritizing your confidentiality above all

# The Legora way

At Legora, we stand out from the crowd by building a product entirely focused on helping lawyers solve end to end tasks, and a team focused on helping users get to value

## Product-first

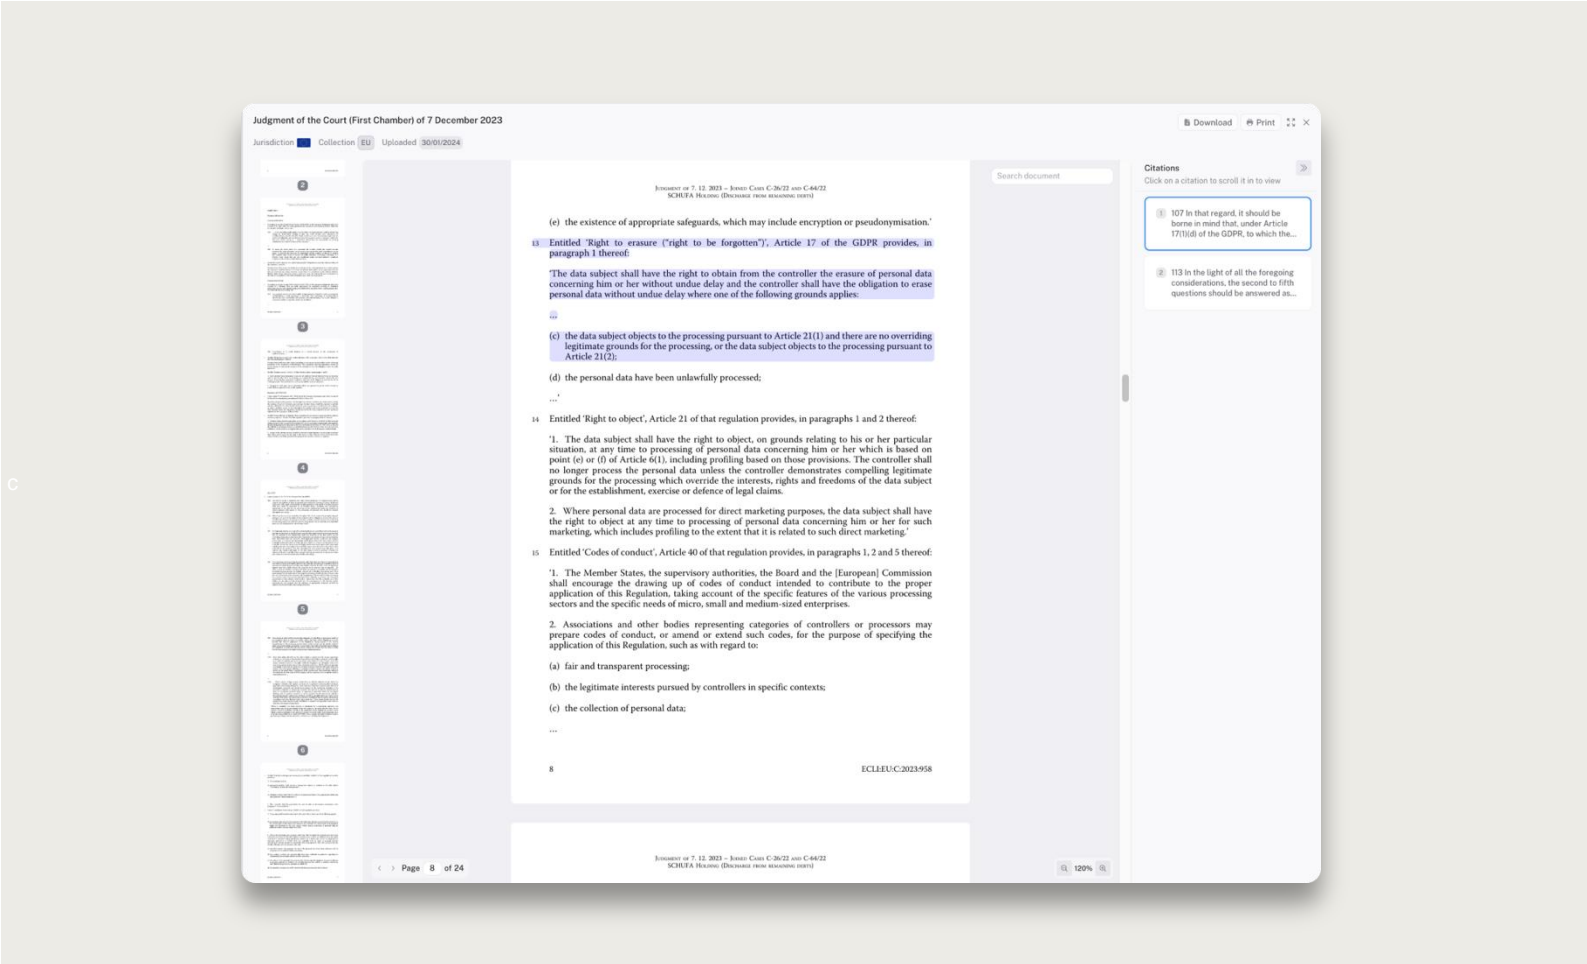

At Legora, we place an emphasis on the product team delivering a platform that focuses on the user journey and is intuitive to a lawyer’s workflow

## End-to-end tasks

Legora enables lawyers to complete end-to-end tasks such as a due diligence process quickly and efficiently by helping with each part of the process

## Customer success

Our Implementation and Customer Success team helps with identifying use cases, getting lawyers to value by supporting template and shortcut creation, and supports with any day-to-day requests
