

## Increase your team's productivity, creativity, and performance.

Microsoft 365 Copilot is the ChatGPT-powered innovation your organization needs!

Our service offering evaluates how Copilot can evolutionarily transform the way your organization operates with next-generation artificial intelligence.

**sey-IT Consulting GmbH**, is one of the only Microsoft partner companies that uses M365 Copilot even before its launch.

Our extensive experience in adopting Microsoft 365 and Azure ensures the delivery of an agile and customized service for your organization's needs.

### Microsoft 365 Copilot boosts your productivity

- 64% of people struggle to find the time and energy to get their work done.
- 70% would delegate as much as possible to AI to lessen their workloads.
- 62% of people spend a lot of time looking for inside information during the workday.

Accelerate Your Workflow with Microsoft 365 Copilot AI Integration
