

LIGHTHOUSE Microsoft 365 Legal & Compliance Assessment

A customizable, strategic assessment designed to optimize efficiency of Microsoft Purview with a focus on archiving, records management, eDiscovery, Data Security, and information governance.

Overview

FORUM

Bring together cross-functional stakeholders to discuss current and future state planning and evaluate configuration options for Microsoft 365 Purview technologies.

CURRENT STATE

Understand the client's current operational models, identify risks and opportunities for improvement and elevation of frameworks.

RECOMMENDATIONS

Leverage Microsoft 365 to meet records management, eDiscovery, data governance, data security and regulatory goals and requirements.

Maximizing Microsoft 365 and Purview for legal & compliance effectiveness

The primary goal of the Microsoft 365 Legal & Compliance Assessment agenda is to provide cross-functional knowledge around Microsoft 365 capabilities and bridge the communication gap between legal, compliance, and technical implementation.

The engagement is structured to enable corporate strategy synergies by helping legal mitigate risk and IT maximize their investment with Microsoft 365. We tailor each assessment to meet the specific focus area(s) needed for each client based on Lighthouse's proven method.

The deliverables and roadmap include:

- In-depth review of legal and compliance key issues and concerns as well as a review of data sources.
- Hands-on overview of Microsoft 365 tools to ensure stakeholders have a clear understanding of functionality, capabilities, and potential feature gaps.
- Long-term recommendations to manage eDiscovery, defensible data migrations, records management, and information governance.
