

AI PRODUCER

Democratizing production
with Microsoft Teams

TEAMS & AI PRODUCER – BETTER TOGETHER

AI PRODUCER FOR MICROSOFT TEAMS

- ✓ Integrated in Microsoft Teams as a meeting extension app.
- ✓ AI-assisted live productions and broadcasts.
- ✓ Preset Production Formats, Branding, Overlays, Custom layouts, Manual mode, Q&A etc.
- ✓ Your audience can watch your production on Microsoft Teams Town Hall, Webinar, Live Event, or Meeting — as well as LinkedIn, YouTube, or any other platform of your choice.
- ✓ Enhance your Teams meetings.
- ✓ Microsoft 365 Certified

AI-ASSISTED LIVE EVENT PRODUCTION

Use AI Producer for Town Halls, meetings, webinars, and interactive events. Your production can be fully AI-assisted, or you can take full control manually. All within Teams.

PRESENTATION

Optimized for one Presenter at a time. Displays in Focus Mode, Shared Screen and Side-by-Side.

TALK SHOW

Supports several presenters. Displays each presenter individually in Focus Mode or together in Split-Screen.

PANEL DISCUSSION

Supports multiple Presenters and a shared screen. Displays in Focus Mode (presenter or screen) or together in Split-Screen.

RUNDOWN

Take advantage of various preset production formats. Easily combine them with prerecorded videos in a scheduled production rundown.

AI-ASSISTED LIVE EVENT PRODUCTION

With built-in AI assistance, AI Producer analyzes actions and handles transitions between Presenters and shared screens.

No production staff is needed.

HOW IT WORKS

TEAMS MEETING

TEAMS TOWN HALL

ENHANCE YOUR TEAMS MEETING EXPERIENCE

Play high-quality video in your Teams meeting. You can also use AI assistance to record your presentation, lecture, or panel discussion in a more vivid and engaging way. All in full HD.

PLAYOUT VIDEO

Play high-quality video in Teams meetings. Play your Payout video library from anywhere, regardless of limitations in local bandwidth.

AI-ASSISTED HD MEETING RECORDING

Produce your meeting using AI in just a few clicks. For later viewing.

EDUCATION

Only the Presenter's camera and audio feed will be recorded. Designed in compliance with GDPR, where other meeting attendees remain anonymous.

THANK YOU!
