LiveRoute CITRIX DaaS Subscription

LiveRoute Managed Subscription for CITRIX DaaS

[v1]

Challenge: Rising cost of managing & maintaining on Prem hardware, security, operational efficiency, IT automation and employee experience

Citrix DaaS can help organizations scale their IT infrastructure quickly and efficiently, provide a flexible solution that can be customized to meet the unique needs of your organization, has a strong focus on security and compliance, and can help organizations save money by reducing the need for on-premises hardware and infrastructure.

Primary challenges

- Security
- Employee Experience
- Rising Cost
- IT automation
- Operational efficiency

Ideal solution

Citrix DaaS (Desktop as a Service) is a virtualization solution that provides IT control of virtual machines, applications, and security while providing anywhere access for any device

Desired outcomes

- Comprehensive Security
- Superior Experience
- Hybrid multi cloud
- Actionable analytics
- Simplified management
