Educate and Excite your Organisation How to Transform the Employee Experience with Artificial Intelligence Integrated into Microsoft 365

Designed as a three-phase engagement, the Copilot for Microsoft 365 Workshop helps to assess your needs, understand the capabilities of Copilot, identify persona-based scenarios to articulate Copilot value and define an actionable roadmap.

What to Expect

Assess: A baseline readiness assessment to evaluate preparedness to embrace Microsoft 365 Copilot.

Art of the Possible: Realize the value and how to harness the potential power of Microsoft 365 Copilot in productivity and creativity.

Build the Plan: Real use case scenario mapping and next steps for implementation.

Who Is this for?

Business and Technology leaders, knowledge workers who intend to explore the capabilities, value of Copilot for M365 and how it can help their organization.

What do you get?

A deliverable that includes delivery of overall plan for the solution pilot. Required next steps identification and action items.

Microsoft 365 Copilot
