About Us:

حلول الأعمال السحابية
Cloud Business Solutions
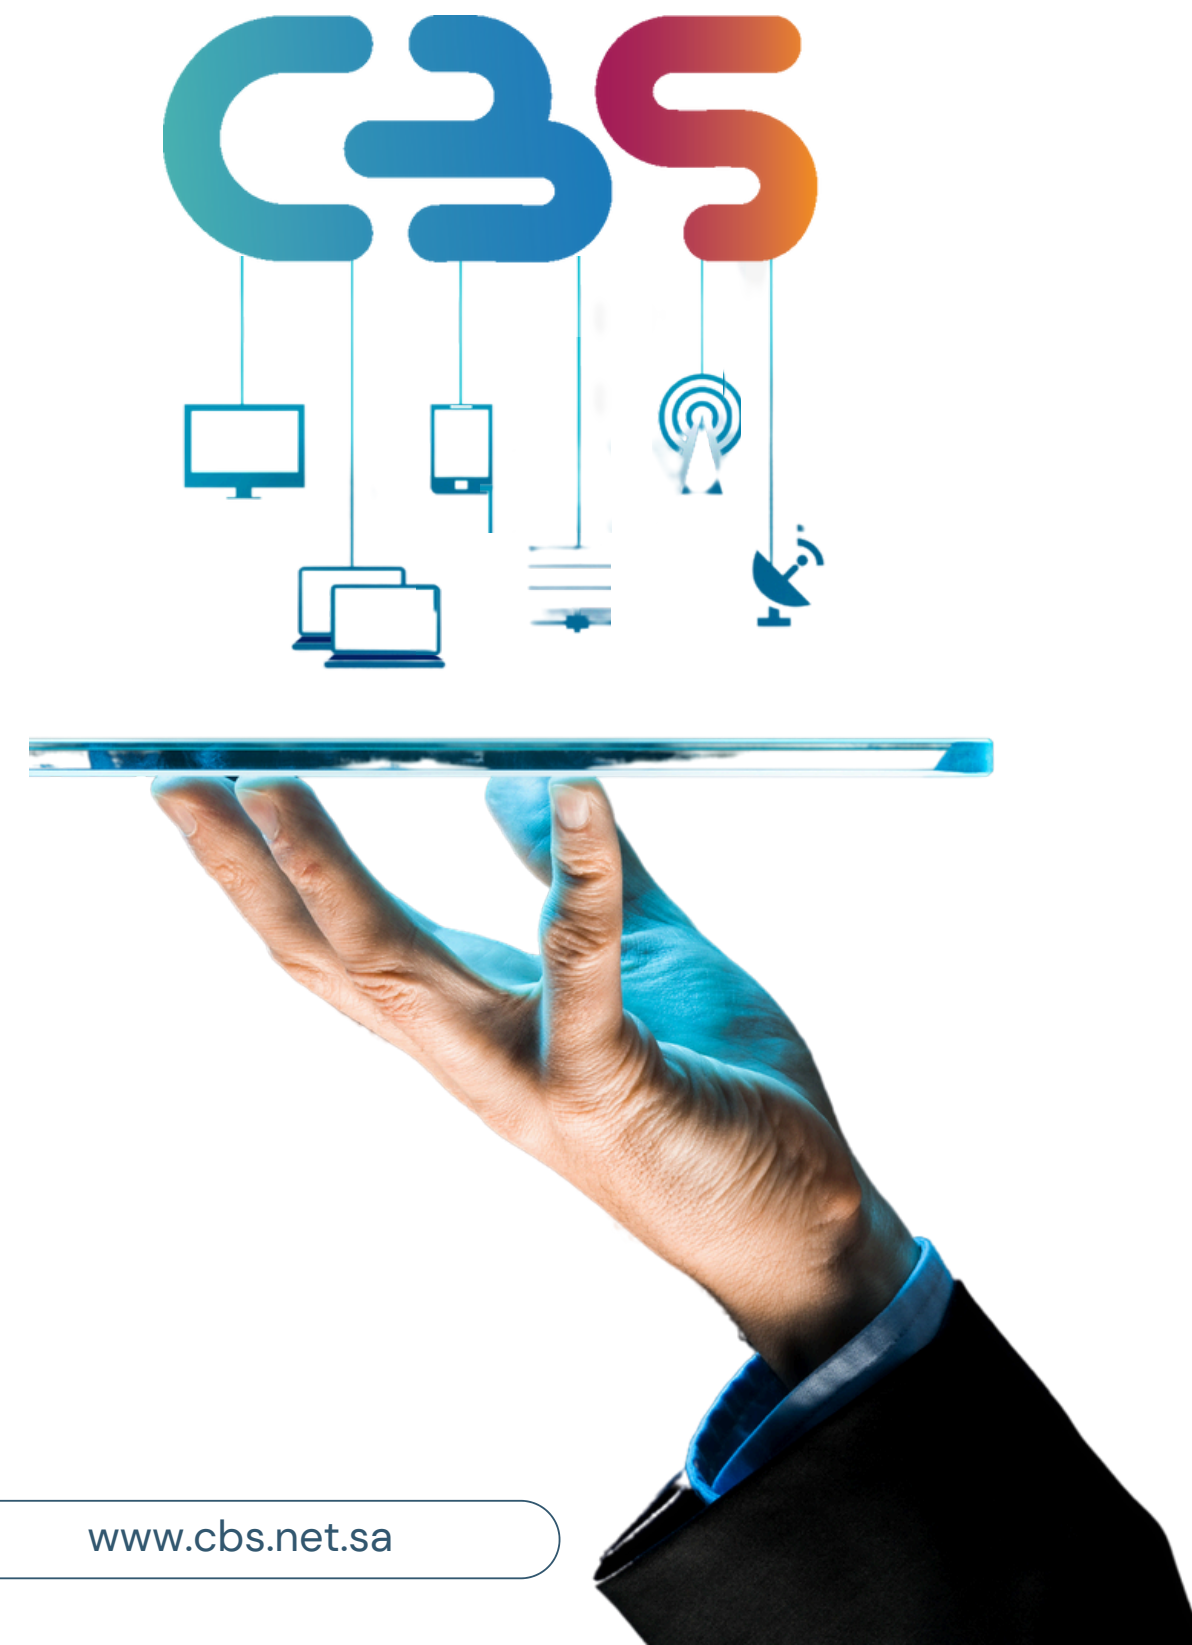

At CBS, we are a team of experts equipped with the latest technologies, dedicated to providing top-notch cloud-based IT services, infrastructure solutions, and digital innovations.
We believe in contributing to increased productivity while significantly cutting costs for our clients.

Embracing the Future, Driving its Evolution

In this rapidly evolving digital landscape, we don't just embrace the future; we drive its evolution. With over forty years of expertise, we have established ourselves as a premier provider of comprehensive engineering, quality services, and digital transformation solutions. Our commitment to excellence extends beyond borders, serving clients not only in Saudi Arabia but also across the globe.

Aligned with Vision 2030

- As a company deeply rooted in Saudi Arabia, we are aligned with Vision 2030, the ambitious roadmap that aims to transform the Kingdom into a global ICT powerhouse.

- We are proud to play an active role in supporting Vision 2030's objectives. Our focus lies in shaping digital content and media sectors, expanding telecommunication infrastructures, spearheading national digitization efforts, and fostering high-tech, smart industries.

Our Mission

Driving the Digital Economy

At Cloud Business Solutions (CBS), our mission is to kickstart the role of the digital economy. We are firm believers in enabling technical and digital solutions that not only compete in the market but also provide reliability and stay up-to-date. Our ultimate goal is to contribute to increased productivity while significantly cutting costs for our clients.

We empower our clients with innovative ICT solutions that fuel business growth, enhance efficiency, and contribute to the advancement of Saudi Arabia. By leveraging the power of technology, we strive to create a digital landscape that propels businesses forward and drives economic progress.

Our Products :

Discover the Power of Our Cloud Solutions

www.cbs.net.sa

At CBS, we pride ourselves on offering a wide range of cutting-edge cloud solutions that cater to the diverse needs of businesses. Our products are designed to provide seamless integration, enhanced security, and cost-effective solutions for your organization. Let's take a closer look at the advantages of each of our cloud solutions:

www.cbs.net.sa

Virtual Data Center (VDCaaS)

Our Virtual Data Center service allows you to access and manage your data remotely, eliminating the need for physical infrastructure. With VDCaaS, you can scale your resources as needed, reducing costs and increasing flexibility.

Storage as a Service (STaaS)

Say goodbye to the limitations of on-premises storage solutions. With STaaS, you can securely store and manage your data in the cloud, ensuring high availability and easy scalability.

Disaster Recovery as a Service (DRaaS)

Protect your business from unforeseen disasters with our DRaaS solution. We provide automated backup and recovery processes, ensuring minimal downtime and maximum data protection.

ERP as a Service (Logix ERP ERPaaS)

Streamline your business operations with our ERPaaS solution. Enjoy the benefits of enterprise resource planning without the hassle of managing the infrastructure.
Our Logix ERP ERPaaS offers seamless integration and real-time data access.

Container as a Service (CaaS)

Simplify your application deployment with our CaaS solution. With containerization, you can package your applications and their dependencies into portable containers, making it easier to deploy and manage your applications across different environments.

Email as a Service (EaaS)

Experience the convenience and reliability of our EaaS solution. With our secure email platform, you can enjoy seamless communication, enhanced security features, and easy collaboration.

Cloud VPS

Take advantage of the flexibility and scalability of our Cloud VPS solution. With virtual private servers, you can customize your computing resources to meet your specific requirements.

VMware Cloud

Harness the power of VMware technology with our VMware Cloud solution. Benefit from the industry-leading virtualization platform, enabling efficient resource utilization and simplified management.

Backup as a Service (BaaS)

Ensure the safety of your critical data with our BaaS solution. We provide automated backup processes, secure storage, and easy recovery options, giving you peace of mind.

Web Hosting Reseller Hosting

Expand your business offerings with our Web Hosting Reseller Hosting solution. With our reseller program, you can offer reliable and secure web hosting services to your clients, while we handle the infrastructure.

Domain Name Registration

Secure your online presence with our domain name registration service. We offer a wide range of domain extensions and hassle-free registration processes.

Antivirus as a Service

Protect your systems from malware and cyber threats with our Antivirus as a Service solution. Our advanced antivirus software ensures real-time protection and proactive threat detection.

Firewall as a Service (FWaaS)

Enhance your network security with our FWaaS solution. Our robust firewall infrastructure protects your systems from unauthorized access and ensures the integrity of your data.

Security as a Service (SECaaS)

At CBS, we prioritize the security of your data. Our SECaaS solution offers comprehensive security measures, including threat monitoring, vulnerability assessments, and incident response.

IT as a Service (ITaaS)

Simplify your IT operations with our ITaaS solution. We take care of your IT infrastructure, allowing you to focus on your core business activities. Enjoy enhanced efficiency, reduced costs, and improved scalability.

The Advantages of Our Cloud Solutions

When you choose CBS as your cloud solutions provider, you unlock a multitude of advantages that can propel your business forward. Let's explore these advantages in detail:

1 Data Sovereignty

With our cloud solutions, you have full control over your data. We ensure that your data is stored in compliance with local regulations, giving you peace of mind and ensuring data sovereignty.

2 Resiliency

Our cloud solutions are built with resiliency in mind. We have redundant systems and backup processes in place to ensure that your data and applications are always available, even in the event of hardware failures or natural disasters.

www.cbs.net.sa

3

Secure, Reliable, and Cost-Effective

Security is our top priority. We implement robust security measures to protect your data from unauthorized access, ensuring the confidentiality and integrity of your information. Our reliable infrastructure guarantees high availability and minimal downtime. Additionally, our cloud solutions are designed to be cost-effective, allowing you to optimize your IT budget.

4

Mobility

With our cloud solutions, you can access your data and applications from anywhere, at any time. This mobility empowers your workforce to be productive, whether they are in the office, on the go, or working remotely.

5

Security

We understand the importance of data security in today's digital landscape. Our cloud solutions incorporate advanced security features, such as encryption, multi-factor authentication, and intrusion detection systems, to safeguard your data against cyber threats.
