

# Accelerate Your ERP Modernization with **Business Central**

Long View's *Business Central in 12-Weeks (BC12)* offering enables you to implement Dynamics 365 Business Central's core finance functions rapidly and effectively.

## Refine Your Financial Strategy with **Long View**

Support your SMB/SMC organization's transition from on-premises ERP systems like Microsoft NAV/GP or move away from legacy or entry-level accounting software. In just 12 weeks, Long View enables your organization with innovative ERP technology, helping you improve remote access and operational efficiency without the hassle of frequent upgrades, backups, and patches.

Establish your customized, single cloud solution with a strategic roadmap:

### PREPARE

#### Week One (1)

- Assign teams, schedule workshops, and kick off the project.

### WORKSHOP

#### Weeks Two (2) - Three (3)

- Populate the backlog and approve the backlog.

### CONFIGURE

#### Weeks Four (4) - Nine (9)

- Refine the solution, configure components, and test iteratively.

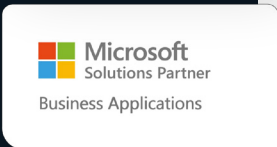

### LAUNCH

#### Weeks Ten (10) - 12

- Execute mock cutover, perform final user acceptance testing, and conduct final super user trainings.

### OPERATE

- Monitor and provide support through the go-live process, facilitate transition to managed services, and conclude the project.

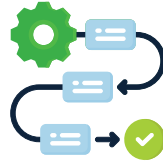

# Access Business Operation Flexibility

In 12 weeks, Long View's experts empower your organization to:

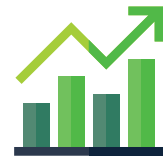

## Connect Your Business

Bring your systems and processes together into one secure, connected cloud solution.

## Define Business Process

Clearly define business processes for finance/accounting and ensure thorough training of power users.

## Scale Operations

Easily customize and adapt applications to suit your business, and integrate pre-built applications as needed.
