

Long View

Citrix on Azure

With Citrix—leveraging Azure Virtual Desktop—you can streamline operations, reduce infrastructure costs, and deliver secure user experiences across all your desktop and app environments. Together, Citrix and Microsoft enable greater agility, productivity, and security.

VALUE PROPOSITIONS

By choosing Long View, *we offer:*

- The fastest and most full-featured cloud-based remote desktop experience available
- Simplified management and provisioning for delivering Citrix-hosted Azure Virtual Desktops, and apps
- Quick deployment, fast scaling, and unified management with the rest of your Azure investment
- Improve your security posture with advanced policies and controls to meet your compliance needs.
- Leverages your investment in Microsoft cloud-licensing and Citrix auto-scaling optimizations to ensure that you pay only for what you use
- High-quality and reliable desktops with built-in redundancy, leveraging active load balancing for a 99.9% uptime delivered through Microsoft's trusted cloud
- Long View offers a quick start deployment offer for a fixed fee: Design of the solution, deployment, and enablement of up to 1000 users in one Citrix on Azure desktop pool
- Long View offers a managed solution to take away all your day-to-day pains after successful deployment, please let us know if you want to discuss options.

BUSINESS OUTCOMES

By choosing Long View, *we enable your business to:*

- Save time and money while reducing remote desktop complexity.
- Connect faster and easier, bridging the gap of needing a productive solution to enhance the new need for hybrid work.
- Simplify IT and focus on what matters - manage from the same admin console as the rest of your Azure services.
- Become more agile - Get started in minutes without any hardware to install or manage, having little to no downtime on business operations.
- Redefine teamwork in the digital age offering secure application and remote desktop access with no boundaries.
- Enable your hybrid work place with flexible access for both remote and in-office employees.

KEY BUSINESS DRIVERS

Does any of this sound familiar?

- > Limited remote desktop capacity & scalability
- > High costs & management
- > Need to standardize on one security solution
- > Want to leverage and extend existing cloud investments
- > Don't want to manage servers and networks

Talk to us today!

Long View can help you drive and improve productivity throughout your business with Citrix on Azure.
