Communication & Coordination

Solution

LTIMindtree GitHub Offerings

- GitHub Platform Onboarding
- DevSecops Transformation
- GitOps & Support

Up to 25X Faster Migration

25-30% Productivity Gain in SDLC Phases

Up to 40% Cost Reduction in Onboarding

2.4X More Precise Vulnerability detection to Remediation With GitHub Adv. Security

Up to 70% Accuracy in GitHub Copilot Code Generation using Prompt Library

90 % Reduction

In deployment time with GitHub Actions

50 % Reduction

In Code Review & Merging

55 % Increase

In Developer Productivity

LTIM Approach

DIMENSIONS

The Differentiators

Exclusive Preview

LTIMindtree & GitHub Strategic Partnership for the First Mover Advantage

Solo Opsera Partner

Only GSI Partner with Opsera – Up to 25X faster Migration, 100s of Dashboards

Gen AI Expertise

Home grown accelerators to increase accuracy and productivity

GitHub Expertise

400+ Certified Experts and growing to support GitHub Platform and GitOps Services

Extensive Experience

Extensive Experience in delivering large scale Projects across multiple Geos

The background features a series of flowing, curved lines in shades of blue and yellow, creating a sense of motion and energy. The lines are most prominent in the lower right quadrant, where they curve upwards and to the left, then continue to curve downwards and to the right, eventually fading into the dark blue background. The overall effect is that of a dynamic, futuristic landscape or a high-speed data stream.

Let's get to the
future, faster.
Together.
