

# LUCIDICA

## Microsoft 365 Tenant-to-Tenant Migrations

### Effortless Transitions for Your Business

Managing a merger, divestiture, rebranding, or business relocation can pose challenges, particularly when navigating Microsoft 365 tenant-to-tenant migrations. With years of expertise in handling complex migrations, we deliver tailored solutions that minimise disruptions and keep your team productive from start to finish.

### Lucidica's Migration Approach

#### Assessment and Design

- Comprehensive review of your current environment and business requirements.
- Identification of users and development of a communication plan to ensure all stakeholders are informed.
- Drafting and finalising a project plan tailored to your unique needs.
- Strategic planning for migrating emails, OneDrive, SharePoint, Groups, and Teams.
- Creation of identity management strategies, including Active Directory (AD) integration and sync.

- Test cases, rollback plans, and communication schedules for a secure and efficient transition.
- Risk assessment, issue identification, and development of a detailed runbook for flawless execution.

## Testing Phase

- Configuration and testing of migration tools and services.
- Establishment of a pilot environment to validate performance before full deployment.

## Deployment

- Execution of full-scale migration with clear communication to all users and stakeholders.
- Comprehensive user training and support to ensure confidence in the new system.

## Training and Documentation

- Delivery of complete documentation to the designated project lead.
- IT support and admin training to ensure smooth post-migration operations.

## Additional Information

Costs for migration tools are separate and will be quoted based on your specific needs.

# Why Choose Lucidica?

Lucidica goes beyond simple implementation. Our holistic approach includes:

## **In-depth Planning**

Every aspect of the migration is carefully considered, reducing risks and ensuring success.

## **Comprehensive User Support**

Training and assistance are provided to make the transition seamless for your team.

## **Ongoing Communication**

We maintain clear and transparent communication throughout the migration process.

## **Workplace Management Services**

Optional post-migration services to keep your business operating efficiently long after the transition.

## Ready to Get Started?

Contact Lucidica today to begin your Microsoft 365 tenant-to-tenant migration and ensure a smooth, stress-free transition for your business.
