POWER BI GOVERNATOR - Auditing your Power BI environment made easy

About Lytix:

Lytix consists of a team of data enthusiasts crafting data solutions based on Microsofttechnologies reaching from business intelligence to data strategy.

What we offer

Our plug-and-play Power BI template solution, branded "Power BI Governator", exists in a set of well-crafted, comprehensive reports, enabling detailed analysis ofyour Power BI environment.

The Power BI Governatordelivers actionable insights which can be broken downinto the following categories:

Power BI Environment and Activities

Get an overview of all artifacts within your Power BI tenant and identify how they are related to each other. Knowing who is taking what action on which artifact inyour Power BI tenant can be critical in helping yourorganization fulfill its requirements, like meetingregulatory compliance and quantifying user adoption.

User & license management

View which licenses are assigned to certain users andwhat Power BI artifacts users have access to.

Proven formula

Over the years, our governator has grown into a powerful tool that provides a full perspective on your Power BI environment. After many installations and valuable feedback from our customers, we've responsibly enhanced the governator to a new level.
