Why Macaw?

We love challenges. Since the early nineties over 250 Macaw employees have been creating high-end technical solutions for our customers from our offices in The Netherlands, Germany and Lithuania. We think out of the box and combine multiple perspectives, such as Strategy, Advanced Analytics, AI, Business Apps, Digital Experience and Employee Empowerment. And we don't just implement this technology. We make sure it is adopted by your organization, because we are convinced that only then does it contribute to your success.
