Demystifying DevOps

We help you getting started

Do you want to know if your team is ready for DevOps?

What is DevOps?

Empowering seamless collaboration between development and operations, accelerating software delivery, enhancing quality, and fostering a culture of continuous improvement for agile and efficient IT solutions.

What is the content of the assesment?

In our **DevOps Assessment Workshop** take care of the following questions:
- What exactly means DevOps for you?
- How can you use it valueable in your company or team?

Together with you we develop a strategy, which is specially designed on your necessities.

What is your outcome?

Getting the right mindset

Speed up processes

Spread culture

How do we work together?

Day 1
- Getting Started & Getting to know
- Incentive: What is DevOps?
- Capture Status quo
- Experience report: How do others do?
- Reflection & Discussion
- Feedback

Day 2
- Getting Started & Recap
- Incentive: Collaboration-Models
- Capture target state
- Next Steps
- Roundup & Feedback

"Working without a DevOps based mindset is unthinkable for me by now. The productivity and speed your team will reach sparks so much joy for yourself and your team members, that no one wants to work in the old way ever again."

Maximilian Schaugg
Lead Cloud Architect
MaibornWolff GmbH
