Maison Consulting & Solutions

Overview:

Maison Consulting & Solutions, a Microsoft Gold Partner with over 22 years of experience, specializes in Dynamics 365 ERP and CRM deployments. Our Business Central Deployment offer provides end-to-end setup, configuration, data migration, user training, and post-deployment support to ensure a smooth and efficient go-live.

Key Deliverables:

- Environment provisioning and configuration
- Core module setup (Finance, Sales, Purchasing, and Inventory)
- Data migration from legacy systems
- User access and role setup
- Basic user training and documentation
- Post-deployment review and optimization

Prerequisites:

- Valid Microsoft Dynamics 365 Business Central license or trial
- Microsoft 365 tenant and admin access
- Required business data in an import-ready format
