# Two AI Phenomenons Now Available to Anyone

1) Routine Automation

2) Scaling up

How often do  
you have a  
**meaningful**  
**conversation**  
with your  
customers?

A man with dark hair and a beard, wearing a light blue button-down shirt, is smiling and leaning against a brick wall. The background is slightly blurred, showing some architectural details and a sign with the letters 'BANK'.

How much  
time remains  
for **meaningful**  
**conversations**  
with your  
employees?
