

Azure Migration and Modernization Program

Simplify and accelerate your cloud journey so you can move forward with confidence with assistance from Microsoft and Mannai.

Lower costs and reduce risk with cloud migration and modernization assistance

When you modernize with Mannai by your side, you're working with a partner with a Windows Server and SQL Server Migration to Microsoft Azure Specialization. Having met rigorous standards, we're among a top tier of Microsoft partners trusted to lead you through this exciting cloud modernization program.

A proven approach for all your needs

- Get migration and modernization support across applications, data, and infrastructure
- Get assistance with assessing your environment and planning your migration to build a robust business case and TCO justification
- Leverage Microsoft's Cloud Adoption Framework and Well Architected Framework for security, governance, data, and networking design

Optimize costs and drive sustainable outcomes

- Enhance your cloud skills with subsidized Azure technical training delivered through Microsoft Learning and Mannai
- Use free tools to move efficiently and stay cost-optimized once on Azure
- Contribute towards environmentally sustainable outcomes while driving operational efficiencies

Move confidently with expert help

- Use prescriptive, step-by-step guidance from Azure engineers and experts at Mannai to mitigate risks and take full advantage of Azure security, scale, and innovation
- Build cloud skills and long-term organizational readiness with the right mix of learning options
- Access personalized, self-guided resources to support your unique needs

Program benefits

Count on a proven methodology and best practices
