

Caregiving made easier and rewarding

MarianaAI's Comprehensive Automation and Revenue Enhancement platform helps healthcare providers optimize value-based and fee-for-service revenues while saving 2 days, every week.

The MarianaAI advantage: Unlocking value at every step

Cut physicians' EHR fatigue. Gain up to **3 hours daily** with AI.

Auto-generate clinical notes & medical codes with >95% accuracy from ambient patient conversations. Accessible on all your devices.

Multi-Speaker, Multi-Lingual AI. Tuned to you and your patients.

AI CoPilot learns about physician's speech, tone, style and parlance to automatically generate accurate documentation in 10+ languages across 270+ workflows.

Up to **30% higher revenue**. Stop revenue leakage due to missed charges & claim denials.

Accurate and comprehensive notes capturing patient history, CCs, MCCs, and RAF gaps. Improved claim reimbursements and higher revenue.

Actionable Patient Portraits + HCC code capture. **100% charts coded** in real time.

World's only automated CDS in real time. Accurate clinical insights and optimized documentation based on the patient's full longitudinal history and ongoing conversation.

AI-powered Inbox Management. Unsubscribe from inbox chaos.

Up to 30% more efficiency with Smart Inbox Management. Our AI reviews and prioritizes your clinical inbox, helping to simplify and automate patient communication.

Protect your data with Military-Grade Security. **Zero setup hassles.**

The only solution of its kind to provide not only HIPAA compliance but true military-grade security. Integrates with your EHR & sets up in minutes, not days.

\$10000+

Average additional revenue per physician per month

10x

ROI within a fortnight

60%

reduction in operating costs

The accuracy is spot-on. Best part is - it understands medical jargon & own parlance like a pro. I was up and running in no time. It's saved me hours that I can now spend with my patients. It's like having an extra pair of highly skilled hands. Highly recommend.

Dr Miguel Villagra, MD (Internal Medicine)
