

DEVELOPER API

Marijuana Software, LLC

The background of the slide is a vibrant, abstract pattern of swirling lines and organic shapes in shades of red, blue, and yellow. A white rectangular box with a thin grey border is positioned on the right side of the slide, containing the registration instructions. The word "Register" is written in a large, black, sans-serif font at the top of the box.

Prerequisites

Developer Account

API Developers must create an account at
<https://developer.marijuanasoftwarellc.com/>

Retailer API Key

The Retailer must create a Retailer API key and provide the API key with access to the following endpoints:
Customers, Employees, Products, Restocks, Tickets and Online Orders

Testing Endpoints

Test API Calls

Registered users can test API endpoints here

<https://developer.marijuanasoftwarellc.com/docs/services/marijuana-software-vip-api/>

Required Parameters

- Each call must pass a "webguid" variable in the querystring or post containing the retailer api key.
- Each call must pass your Ocp-Apim-Subscription-Key (created in the developer portal) in the header.
- Some time-based functions take a "startdate" and "enddate" parameter.
