

Enable Frontline 3 DAYS WORKSHOP

What is Enable Frontline Workers - 3 Days Workshop?

Enable Frontline Workers - 3 Days Workshop deployment is an interactive session designed to help organizations effectively implement Microsoft Frontline solutions for managing and securing their devices and applications. This workshop guides participants through the process of setting up and configuring Frontline Workers products while addressing specific organizational needs and requirements.

What is the purpose of Enable Frontline Workers - 3 Days Workshop

The "Enable Frontline Workers - 3 Days Workshop" is designed to help IT departments already using the Microsoft 365 ecosystem become more acquainted with Microsoft Frontline Worker features and functionalities. Topics like deployment options, configuration, mobile device management, security, troubleshooting, and more will be covered in the session. This workshop's objective is to provide attendees with a thorough grasp of how to implement and administer Microsoft Frontline Workers products in their company using Microsoft 365.

Benefits of a Workshop Deployment

Hands-On Learning: Participants gain practical experience with Intune.

Tailored Solutions: The workshop addresses specific company needs.

Expert Guidance: Facilitated by Intune experts.

Deployment Roadmap: Clear plan for moving forward.
