

# Medius AP Automation is the CFO's preferred choice for Dynamics Here's why...

CFOs in today's forward-thinking organizations are saying goodbye to complicated, time-consuming Accounts Payable (AP) processes. And congratulations! You're ready to join their ranks and start reaping benefits (Cue the party music!):

- Complete real-time visibility & control and no more paper
- Up to 95% touchless rate resulting in scalability and operational efficiency
- Far better risk management and easier detection of fraud
- Greater working capital management and a boost to your bottom line

There's just one problem: How do you choose the right partner to get you there? Choosing an AP automation vendor takes more than a lunch break Google search. If you select the wrong AP automation tool, you're simply wasting your time, money, and resources. So don't mess this one up!

This is where Medius AP automation swoops in for the rescue. Our simple, cloud-based spend management solution allows organizations to boost visibility and control rapidly, allowing for strategic growth and improved financial health.

Medius is an Azure-based solution that offers industry-leading deployment times and is a Microsoft Preferred Solution. (Have we caught your attention?) More than 800 Dynamics customers across the globe have found Medius to be the most flexible, scalable, and comprehensive solution for their business needs.

# The ultimate AP automation tool

Here are a few ways Medius shines as the ultimate AP automation tool to compliment your Dynamics ERP system.

## Microsoft Gold partner

We've got the golden ticket. (Not to brag.) As Microsoft's preferred AP automation solution for eight years running, Medius is certified on AppSource for cloud-based Dynamics.

## Working as your partner to invest in your success

Here at Medius, we'll never leave you hanging. Our outstanding customer success team is always working hard to ensure you always get the most out of your Medius set up. Don't take our word for it... [our 98% client retention rate](#) speaks for itself.

## Rapid implementation and seamless integration

Designed with out-of-the-box ERP connectors, Medius offers industry-leading implementation times, most of our Dynamics customers are up and running within months if not weeks, helping them achieve a rapid ROI.

## Bullet on the upgrade path

We work with any Dynamics ERPs so migrations/updates are not a problem. Going from GP to D365 Fi&Ops? We have you covered.

## Constant innovation

Medius offers monthly new releases, giving users new and improved features and functionality on the regular. [We reinvest 18% of turnover](#) in product development, giving Medius users even more ways to rock at everyday invoicing.

# Book a Medius demo today

As Microsoft's preferred partner for eight years running, Medius offers an industry-leading AP automation solution that has CFOs ready to celebrate. More than 4,000 customers (including nearly 800 running Microsoft Dynamics ERPs) and 500,000 users worldwide employ Medius to rapidly and accurately capture invoice data— saving time, cutting costs, and increasing visibility and control.

Medius is a holistic solution that can resolve many CFO's pain points and reduce costs. Using an approach that covers the three phases of the ePayables framework (receive, process, and pay), Medius can reduce [operational costs by up to 80%](#). Our solution suite can also be easily adopted for procurement or sourcing requirements as an extension of our invoice and payment tools.
