

Simpatico for Microsoft Teams

Workplace Conversational A.I. platform for improved organizational mental health

Microsoft Teams

Powered by
mesh AI + OpenAI

Cost of workplace mental health injuries up 80% in last three years

(allianz.com.au)

Simpatico is the only mental health application selected globally by Microsoft to be listed on the Teams marketplace

270M+

**MONTHLY ACTIVE USERS
ON TEAMS AS OF 2023**

Simpatico Teams employer benefits:

Reduce

- Absenteeism
- Presenteeism
- Directors' liability
- Staff turnover
- Risk

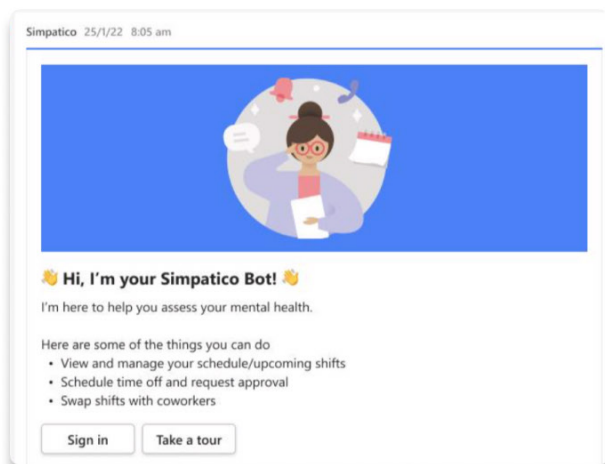

Improve

- Psycho-safety
- Customer satisfaction
- Workplace safety
- Productivity
- Quality of talent attracted

People are more willing to open up to an A.I.
than they would with just an online form at a
self-help website

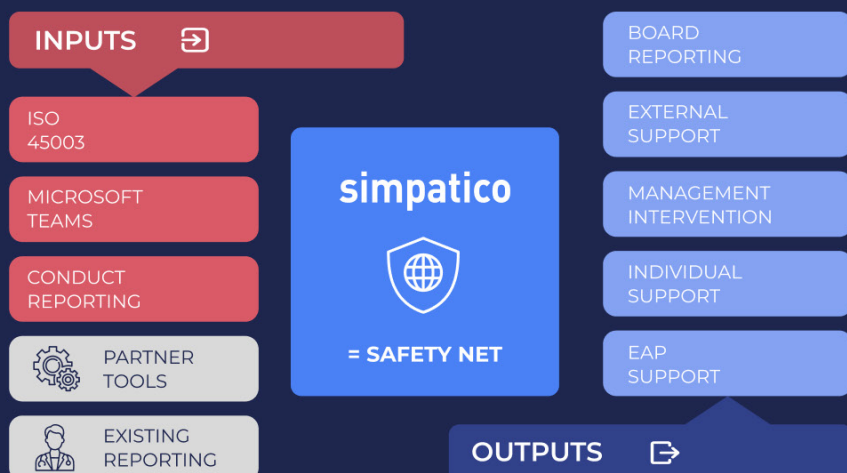

— Gale Lucas,
Psychologist, USC

Employee experience within Teams

Company mental health dashboard - admin view
