mindzie

Case Study:
Enhancing Microsoft Dynamics

Microsoft Dynamics CRM

About mindzie:

The mindzie studio leverages the information already collected in your Microsoft Dynamics system and identifies bottlenecks, inefficiencies, and areas to improve your operations. From there, we then translate these into actionable opportunities and insight which give you direct recommendations on what steps to take to improve efficiency, productivity, profitability, customer satisfaction, and much more...

Supported Versions:

Microsoft Dynamics 365

Microsoft Dynamics AX 2012

The challenge:

Microsoft Dynamics brings your customers and business together with the next generation of CRM and ERP applications. With such a powerful and flexible tool, once your business has been using it for some time, the challenge becomes identifying whether you are using it in the most efficient manner and where you should invest your time and resources to enhance it.

What we help with:

You can't stop your business to make enhancements to your ERP and that's where the mindzie studio comes in. You don't need to reinvent everything but simply let our solution identify areas to improve your:

- Procure to Pay
- Accounts Payable
- Order Entry
- And much more...

- Sales Opportunity
- Supply Chain
- Service & Support

📈 The Results:

After connecting their Microsoft Dynamics system to the mindzie studio, our customers are quickly presented with opportunities for efficiency and savings within their business. In just a few weeks they are able to implement the recommendations and begin to see the benefits.

50,000+ man hours a year saved by the mindzie studio for Microsoft Dynamics customers. And Counting...

30% efficiency gain on average in the first 6 months of operation.

3-4x Return on Investment
- Cost savings
- Improved efficiency
- Increased customer satisfaction
- And more...

Continuous automated analysis. Track **metrics**, **KPI's** and **trending over time** to monitor your success.

> 66 I was quite surprised at what the mindzie studio was able to show us. Not only is the studio able to find opportunities to save our business time and money, but it also introduced key metrics and trends to ensure we continue to operate efficiently going forward. I would recommend this tool to any business; it has paid for itself 3 times over just in the first few months. 99

– Brian, Chief Financial Officer
