

Get ready to achieve more with Modern Work frontline solutions

As the hub for teamwork, Microsoft Teams is designed to help organizations improve collaboration and increase efficiency by automating key business processes. With the **Enable Frontline Workshop**, customers will work through various frontline worker challenges and pain points to identify top prioritized scenarios for their frontline workforce.

See what's possible

At **Mint Group**, our consultants will walk you through the art of the possible, working with you to identify the unique needs of your frontline workforce to help solve your specific collaboration and employee productivity challenges. During the workshop, we'll develop an actionable plan based on your frontline workforce needs to help you move forward.

Why Mint?

With extensive solution development experience, Mint Group can help you improve workforce productivity through identifying top prioritized scenarios in your frontline workforce, leveraging the Office 365 and Teams platform. We will work with you to understand your environment and identify opportunities to help you achieve continuous business value from your Teams & Office 365 investment. Combining deep technical expertise, with extensive industry experience, Mint is your trusted partner in your transformation journey.

We'll work with you to:

- ✓ Identify and prioritize key use case scenarios
- ✓ Explore opportunities to streamline business processes and improve productivity outcomes
- ✓ Provide an implementation plan and next steps to help you achieve your desired goals
- ✓ Mint will deploy an Incident/Facilities logging Teams integrated PowerApp to demonstrate the value and capabilities of the platform.
