MJ Flood Voice – Powered by Microsoft Teams

What is MJ Flood Voice

MJ Flood Voice powered by Microsoft Teams is a cloud-based phone system and the next logical step for any organisation already benefiting from the power of Microsoft Teams. Accessible from your mobile, laptop, computer, or desk phone, MJ Flood Voice gives you more flexibility for your organisations communications.

Work Anywhere

Make and receive calls from anywhere on mobile, laptop, desktop, desk phone, or Teams Rooms.

Call Handling

Use the call handling feature to easily transfer calls throughout your organisation. Add a auto-attendant for high call environments.

Combine

Combine your current phone system with Voice and integrate with other Microsoft 365 applications.

Easy Installation

Installation is quick and easy with no downtime for your organisation. Numbers are easily ported and all users are trained.

Teams Rooms

Teams Rooms

Keep the people who are working remotely connected with those in the office using Teams Rooms. Create an inclusive meeting space that allows everyone to participate no matter their location.

Inclusive

Foster inclusive and interactive meetings for everyone, regardless of where they are.

Easy to Use

Deliver consistent Teams experiences designed to make collaboration easy and hassle free.

Flexible

Turn any shared space into a Teams Room with a wide selection of devices and features.

Secure

Keep devices protected and up to date with rich management capabilities and powerful analytics.
