# Accelerate your path to adopt Microsoft 365 Copilot & Agentic AI effectively

Mphasis AI Impact Lab

Mphasis is a global technology solutions provider with deep expertise in AI, cloud, and business transformation. Our AI Impact Lab leverages Microsoft Copilot to help organizations rapidly validate, adopt, and scale AI solutions, driving measurable business outcomes, enhanced productivity, and strategic growth.

WHAT WE OFFER

Mphasis AI Impact Lab helps organizations adopt AI quickly and safely using Microsoft Copilot. We deliver multiple targeted Proofs of Concept (PoC) in a short time, so you can see real business impact fast.

Our team works with you to identify and prioritize Microsoft Copilot use cases that match your goals. Each PoC is integrated smoothly into your workflows, using Microsoft's secure and scalable platform.

We collect feedback and performance data from every PoC, giving you clear insights for making smart decisions about scaling AI. This approach ensures you get measurable results, like higher productivity and better customer engagement.

With Mphasis, you receive a practical roadmap for enterprise-wide AI transformation. We help you innovate faster, reduce risk, and unlock the full value of Microsoft Copilot.

Why Microsoft Azure?

Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data-science tools.

Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single-identity platform trusted by 90% of enterprises globally.

Build on your terms

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a $1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.

Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.
