

AN INVESTMENT IN KNOWLEDGE
PAYS THE BEST INTEREST.

ESCHOOLAPP INSTITUTE MANAGEMENT SOFTWARE

Let's take your school to
cloud 9!

AN INTRODUCTION

The most ergonomic and economic in the class

WE PROVIDE AN ALL AROUND

All integrated solution

ANDROID/WEB/IOS BASED

Major benefits

Branded Apps

Carry your brand into the digital world! App listing in Google Play Store with your school name and logo.

Automation

Data entry automation by tight integrations with GPS, barcode, Attendance machines, mobile Phones.

Helper Apps

Supplementary App to help with data entry. App for teacher to simulate any scholar account in class.

Premium Support

Same business day remote support over phone and screen sharing. Report and receipt customization.

Community Power

eSchool grows with inputs from customers & the benefits are passed to all users for free.

Multilingual

We speak your language. Unicode is supported by most of the forms, reports and apps in eSchool.

3rd Party Aware

eSchool is Excel friendly. Data can be imported from your old software and exported to Tally easily.

App Features

Bus Tracking

Know the exact location of the bus in which your child is traveling in real time on a map.

Fees

Make fee payments on mobile. Track fees schedule, fee paid, upcoming installment and pending installments for all the fee to be paid.

School Diary

A complete timeline view of informational, homework, fees, results related information being sent by the school on a regular basis.

Gallery

Catch the glimpses of your school's photos, videos and watch live events.

School Calendar

Access your school calendar from various perspectives :
Academic, examination, festivals, cultural, religious, etc. (as defined by the school).

Results

Stay informed about your scholar's performance.

Library

Account for every book. Enable patrons to browse through the library and check availability.

Attendance

Track student attendance and inform parents instantly about child absence.

Sounds
costly!
No its not.
