

Evergreen Service

Keep your Microsoft 365 platform secure and updated

Don't miss out on important news and security measures – receive continuous maintenance and enjoy all benefits of your Microsoft 365

Keeping up with more than 100 Microsoft 365 updates a month may prove difficult. Evergreen Service by timengo provides continuous news, recommendations and configurations across all Microsoft 365 apps to keep your platform updated, secure and EVERGREEN.

The Microsoft 365 platform is constantly and rapidly developing. New and innovative services, improved security and optimisation of existing apps are introduced at very frequent intervals. To keep up with developments and to enjoy the full benefits of your Microsoft 365 licence, continuously staying up-to-date and maintaining your platform is a must.

timengo's Evergreen Service is based on your Microsoft 365 platform and helps you maintain your platform to keep it secure and updated.

You will receive advisories when there are changes to the platform and recommendations for implementation of updates and new services to boost your overall application of the platform.

The Evergreen Service provides:

- Continuous news and recommendations to help you optimise your use of new possibilities, know how to relate to important changes and keep your full Microsoft 365 platform secure.
- Advisories and specific configurations for direct roll-out in your installation for ideal use of news and feature updates in the platform.*
- Online quarterly meetings reviewing Advisories, Secure Score, Microsoft 365 Roadmap and recommendations – specifically adapted to your platform.
- Closed Teams community for discussions with other users of the service and directly with timengo's cloud specialists.
