

TruGrid
SecureRDP™

**Say Goodbye to
Legacy RDS and DaaS**

No exposed firewalls or VPNs
needed!

TruGrid
SecureRDP™

Low Latency. Zero Firewall Exposure

Seamless access with TruGrid SecureRDP. Say goodbye to open firewalls, internet latency, and laggy connections.

The background features a blue gradient with binary code (0s and 1s) and a hand holding a glowing blue sphere. The TruGrid logo is in the top left, with a small orange grid icon above the 'i' in 'Grid'.

TruGrid
SecureRDPTM

Zero Trust Security. Integrated MFA

TruGrid implementation of the Zero Trust thwarts ransomware and data theft by halting unauthorized data transfers between remote users and corporate networks.

TruGrid
SecureRDP™

**Discover Secure,
Reliable Remote
Access without VPN.
Fast Setup, Robust
Protection.**
