

👋 Hello,  
I'm Monia your  
CRM assistant 😊

77% of companies  
consider that +75% of  
their data CRM is  
incorrect...

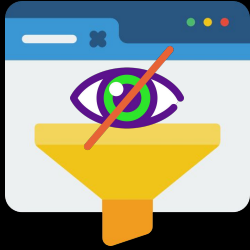

The CRM is not up to date because your sales don't like reporting 🙄

*Less than 37% of sales reps really use their CRM*

And that's a huge problem for your company !

**Lack of visibility  
on the sales funnel**

**Lost sales and  
opportunities**

**Revenue forecast  
is impossible**

But don't worry because  
now I'm here to ensure  
your CRM is updated 😊

I chat with your team when it is necessary...

...To add notes

...To add missing contact or company details

...To plan next move and activities

And I update the CRM on their behalf with the information that I've collected

Conversations sur  
Microsoft Teams

Finally your team can focus on what they like: Sell !

And the management is sure that the CRM is always updated and usable !

# Benefits for your company

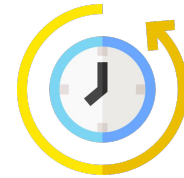

## Increase your Win Rate

Plan and follow your activities is the key to make more sales with your CRM.

## Shorten your sales cycle

Move faster your deals in your CRM executing the right action at the right moment.

## Save Time on reporting

You spend precious time doing admin tasks rather than selling. Let me do this for you.
