

Neudesic OpenAI

Funding Support Jumpstart Program

Accelerating the client's OpenAI journey from education, to use case development, to deployment & consumption

Neudesic has partnered with Microsoft leadership teams to create a unique, funding-stacked program to accelerate client adoption and value realization of OpenAI in Azure. We're providing MS account teams with white glove service to leverage Azure Everywhere, Solution Assessment DPi30 funding, and a new Neudesic-matched OpenAI investment bucket of funding to:

**Quickly develop & deploy
OpenAI solutions**

**Drive larger client
engagements**

**Reduce the overall time
to consumption**

Guiding our Clients on their OpenAI Journey

OpenAI Education Workshop

Enhance your understanding of Azure OpenAI models & capabilities. Discover common use cases and best practices for building impactful OpenAI based solutions

Half Day

Use Case Experimentation

Explore Azure OpenAI Studio through interactive tutorials and hands-on exercises to better understand potential applications relevant to your business goals

Half Day

OpenAI Deployment

Deploy an OpenAI use case and tactics that enhance competitive advantage and operational excellence

4+ Weeks

Next Steps:

- Partner with our account teams
- Align on client goals & use cases
- Determine consumption estimates
- Leverage our stacked Open AI funding program
