

Azure VMware Solution (AVS) Jumpstart 4-week Pilot

Migrate and modernize your VMware estate on Azure to achieve enhanced agility, scalability, and security. As Microsoft's 2023 Global Partner of the Year Award Winner for Migration to Azure, Neudesic's technical experts ensure a seamless Azure migration with confidence and speed.

AVS JUMPSTART 4-WEEK PILOT OFFER INCLUDES:

- Azure VMware Discovery Session (overview of AVS solution, review of current environment + desired outcomes)
- Azure Foundations, leveraging Neudesic's Cloud Accelerator IP
- Finalized design and deployment of AVS environment
- Virtual Machine (VM) migration from on-prem to Azure cloud (up to 5VMs, leveraging 3-node AVS cluster)
- Connect AVS cluster in Azure to customer gateway via ExpressRoute or VPN

JUMPSTART ASSUMPTIONS:

- Customer is responsible for Azure consumption costs after 30 days and will enable connectivity to the required data sources
- Deployment of Pilot will be in a non-production Azure environment
- Customer has existing Azure footprint
- This Pilot is specific to and limited to AVS service

Microsoft Global Migration to Azure
